

- The Database and Website Committee meets regularly via teleconference. If you are interested in participating, please send an email to webservant@adultchildren.org.
- We can use people experienced with web design, particularly Word Press.
- We have noted the bandwidth requirements needed for streaming the Toronto ABC to the ABC Host committee. Users will be able to call into hear the ABC.
- We will also be looking at the costs and options for remote voting, as this is one of the ballot proposals for this year. This is just research at this point.
- There is a new website for ACA WCO business documents. The plan is to move to ACAWSO.ORG and retire the repository.adultchildren.org website. ACAWSO.ORG is available now and if all goes well this will be the only site for next month's business meeting.
- Website uptime monitoring is now in place and we will be alerted if any of our websites goes down.
- We have plans to migrate the adultchildren.org website to wordpress. This will include enhancements to the Meeting List search, adding, and updating. As well as provide full scale support for Intergrups and Regions.

Website usage statistics for December:

- 45,272 User Sessions in December down from 47,981 in November
