The Problem

Many of us found that we had several characteristics in common as a result of being brought up in an alcoholic or other dysfunctional household. We had come to feel isolated, and uneasy with other people, especially authority figures. To protect ourselves, we became people-pleasers, even though we lost our own identities in the process. All the same we would mistake any personal criticism as a threat. We either became alcoholics (or practiced other addictive behavior) ourselves, or married them, or both. Failing that, we found other compulsive personalities, such as a workaholic, to fulfill our sick need for abandonment.

We lived life from the standpoint of victims. Having an overdeveloped sense of responsibility, we preferred to be concerned with others rather than ourselves. We got guilt feelings when we stood up for ourselves rather than giving in to others. Thus, we became reactors rather than actors, letting others take the initiative. We were dependent personalities, terrified of abandonment, willing to do almost anything to hold on to a relationship in order not to be abandoned emotionally. Yet, we kept choosing insecure relationships because they matched our childhood relationship with alcoholic or dysfunctional parents.

These symptoms of the family disease of alcoholism or other dysfunction made us ‘co-victims’, those who take on the characteristics of the disease without necessarily ever taking a drink. We learned to keep our feelings down as children and kept them buried as adults. As a result of this conditioning, we confused love with pity, tending to love those we could rescue. Even more self-defeating, we became addicted to excitement in all our affairs, preferring constant upset to workable relationships.

This is a description, not an indictment.

Adapted from The Laundry List
The Solution

The solution is to become your own loving parent

As ACA becomes a safe place for you, you will find freedom to express all the hurts and fears that you have kept inside and to free yourself from the shame and blame that are carry-overs from the past. You will become an adult who is imprisoned no longer by childhood reactions. You will recover the child within you, learning to love and accept yourself.

The healing begins when we risk moving out of isolation. Feelings and buried memories will return. By gradually releasing the burden of unexpressed grief, we slowly move out of the past. We learn to re-parent ourselves with gentleness, humor, love and respect. This process allows us to see our biological parents as the instruments of our existence. Our actual parent is a Higher Power whom some of us choose to call God. Although we had alcoholic or dysfunctional parents, our Higher Power gave us the Twelve Steps of Recovery.

This is the action and work that heals us: we use the Steps; we use the meetings; we use the telephone. We share our experience, strength, and hope with each other. We learn to restructure our sick thinking one day at a time. When we release our parents from responsibility for our actions today, we become free to make healthful decisions as actors, not reactors. We progress from hurting, to healing, to helping. We awaken to a sense of wholeness we never knew was possible.

By attending these meetings on a regular basis, you will come to see parental alcoholism or family dysfunction for what it is: a disease that infected you as a child and continues to affect you as an adult. You will learn to keep the focus on yourself in the here and now. You will take responsibility for your own life and supply your own parenting.

You will not do this alone. Look around you and you will see others who know how you feel. We love and encourage you no matter what. We ask you accept us just as we accept you. This is a spiritual program based on action coming from love. We are sure that as the love grows inside you, you will see beautiful changes in all your relationships, especially with your God, yourself, and your parents.

Dear fellowship,

“It will be my honor and pleasure to serve on the Board of Trustees.” I humbly spoke these words when I was asked to join the Board of Trustees of ACA WSO over six years ago. Immediately after accepting the invitation to join the Board, I was asked to Chair the Literature Committee.

I remember telling someone that I would only be available to give six hours a week. Within the first few days, that time limit was quickly overrun by the sheer demands of these responsibilities.

Each year the Annual Business Conference affords me an opportunity to take a service inventory.

The ACA WSO Board has made significant progress during the last year. Among many other accomplishments, the Board:

- Hosted the Inaugural ACA World Convention - a festive, and solemn event geared to encourage greater participation in the Annual Business Conference.
- Established the Service Structure Review ad hoc Committee that has been researching and discussing enhancements to our existing service structure.
- Formed the Delegate’s Training Committee that has developed an orientation program for ABC delegates.
- Launched a well-received intergroup discount that has significantly increased the number of intergroups that gives our members local access to ACA Literature.
- Rolled out Amazon US, and soon Amazon UK, to further increase access to ACA Literature.
- After years of spending an inordinate amount of time and energy on managing a book distribution operation, the Board hired a third party fulfillment service while retaining the Customer Service function to ensure our customers’ needs are attended to.
- The Board launched the digital version of the Meditation book that came on the heels of offering the AWC speaker tapes as a download from our site.
- The Board hired a consultant to guide them on a strategic planning meeting to help map out ACA’s future.
- The Board employed an accounting firm to conduct a voluntary financial audit to implement better financial controls.

As with any inventory, there are liabilities to account for as well. As examples, the WSO has not been able to move the Public Service Announcement production past the Request for Proposal stage.
Attendance at high profile conferences has not been achieved. Therefore ACA’s public profile remains low. Still, our balance sheet looks good overall.

The Board is graced with a phenomenal crew of dedicated volunteers who donate their valuable time, energy and focus to make progress possible. The staff has stepped up beyond the call of duty numerous times to make sure that the Board’s intentions are realized. Our accounting, computer programming, and fulfillment vendors have greatly enhanced the Board’s ability to keep the hard fought momentum moving forward. To all, a heartfelt thank you.

As with any effort, we must keep our eyes on the road ahead while occasionally looking in the rearview mirror to remember the past and check the side view mirrors when changing lanes as we proceed down the recovery highway. It helps to remember the past so we don’t repeat mistakes, but we are also called to take new roads that are unchartered. Our reliance upon and faith in Higher Power’s guidance allows us to bravely venture forward. We find the Steps, Traditions and Concepts are the best GPS (God Positioning System).

As I rotate off the Board of Trustees, I leave an organization that has grown from not being able to pay its bills and operating out of a storage facility, to one that has the financial resources and capacity to make great strides in developing its internal and external relationships with a world with many suffering adult children hoping to find their way. No doubt there will be some unpaved roads ahead and the weather may not cooperate on occasion. We cannot afford to put the car in cruise control.

I invite you to gently ask yourself if you are capable of giving service from a space of love. If you can, I encourage you to engage in service at the group, intergroup or world level. I guarantee that your efforts will be repaid each time a suffering adult child can find an on ramp to begin their journey. This is the fuel that will keep us going. Happy motoring!

In Service and great gratitude,

Larry A.

E. Reports

All committee Chairpersons shall give to the ACA WSO Board a written report on the purpose of that committee (Purpose Statement), and a written monthly report on the activities, or for introducing recommendations/proposals for action, to the Board prior to the monthly meeting for placement on the Agenda.

Proposal

The Chairperson shall provide a written report of the committee's activities for the ABC.

ACA WSO may refer such petitions to any of their committees for initial consideration, but will be obligated to place same on the ACA WSO agenda at the next board meeting held 30 days after receipt of the petition. A petition may be submitted, in writing, by five (5) registered meetings, at least three (3) of which are from different geographical areas, or by the petition of three (3) affiliated Intergroups. A Review of the Motions and Suggestions
from the 2016 ACA WSO Annual Business Conference in Delray, Florida

Call for New Business:
There was discussion about the delegates’ role and how WSO could support them. The following suggestions and motions came forward:

1. Provide an organizational chart in the delegates’ packet.
   Done.

2. Add all ABC participants (both delegates and other ACA attendees who are delegates for a group) to the distribution list for the next ABC notice of proposals.
   A good suggestion – to inform former Delegates of both proposal submission and proposal voting schedules.

3. MOTION: Louis B., (FL 224) To create a handbook for delegates. Seconded by Tom R., (PA093) Motion passed unanimously. Motion 04231601/abc
   The spirit of the Motion was certainly met in the generation of materials and activities being provided for Delegates, by the efforts of the Delegate Training Sub Committee.

4. MOTION: Jorge (not a registered delegate) (Nuevos Caminos Telephone Meeting). To create a subcommittee for Delegate World Service Training. Seconded by Laura L. (CA1162). Motion passed unanimously. Motion 04231602/abc
   The DTSC has been created. Bullseye!

5. MOTION: Laura L. (CA 1162) To revitalize the Ballot Review and Group Conscious Survey Committee. Seconded by Tom R. (PA093). Motion passed unanimously. Motion 04231603/abc
   “Revitalize” is a subjective term – hard to qualify. Given the marked increase in voting, it would appear that the Ballot Prep Committee has made a positive difference.

6. Tom R. (PA 093) Noted that there is no coin for six-consecutive meetings. Larry A., Literature Committee Chair noted he would bring this request to the board.

Suggestions and questions by several delegates included:

“Where is “Ready, Set, Go” within the Literature Committee process?”
   Chair, Larry A., discussed the Literature queue.

“A delegate helps her groups by writing an email that recaps all that happened. She also reports on the intergroup level to inspire volunteers to do service.”

“A delegate discussed the value of the website including “fellowship alerts” for up to date news.”

Committee Activities and Tasks Completed
- David McB has continued to resolve issues related to potential sales of books through Amazon UK – This has been an ongoing issue for over a year. The level of paperwork they require far exceeds what is required in the US. By the time of the ABC we expect this to be up and running and very successful, with our next shipment of books on the way.
- David has created our Amazon US account and sales are presently happening in large volumes.
- Discussed at great length the value of additional cost centers – to be potentially implemented after receipt of audit report.
- Implemented Transferwise as a less expensive alternative for international wire transfers - Jeffrey.
- Created a 2017 budget (see attachment) – one of the biggest challenges is always to project realistic future sales.
- Engaged TNT as a much less expensive shipping option for non-US orders – Jeffrey
- Revised the fiscal policy section of the OPPM
- Reconciled pricing of Chips and Medallions and increased prices due to outside fulfillment costs – we did an in depth study of sales and overhead charges and determined the pricing structure that would ensure that costs are being covered and there is a profit margin.
- Reconciled pricing of tri-folds, changing the prices and quantities to make them more viable due to outside fulfillment costs.
- Discontinued sales of eight tri-folds for the same cost reasons as in the bullet above. Ensured they are now available as free downloads on the website.
- Proposed giving chips and medallions to attendees of the AWC as recognition of time in the fellowship.
- Proposed a per diem food policy for those who travel on WSO business. The intent is to save time and the cost of dealing with a multitude of receipts.
- Suggested that a contribution button be added to the Free Literature page on the website.
Goals for the year ahead

- Engage a cost accountant to help determine fully-loaded costs of products and distribution channels.
- Refine formulas for pricing different types of literature for different distribution channels.
- Use information from the Audit to improve our financial structure and controls.
- Change the chart of accounts post-audit to align with newer distribution and service strategies.
- Increase transparency and reporting for financial activities.
- Begin use of graphs and charts to illustrate complex financial data.
- Implement a strategy to increase awareness about the need for 7th Tradition support.
- Further refine monthly financial reporting of contributions, sales and costs worldwide.
- Implement internal controls to prevent or detect fraud.

The International Literature Subcommittee – The International Literature Subcommittee (ILS) was formed in November 2016 and announced on the 10 December 2016 ACA WSO Teleconference Meeting. It is chaired by Jeffrey F. in Prague. Jeffrey F. is also a Member of the WSO Board of Trustees.

The mission of the ILS is to incorporate and continue the work, started by Jeffrey F. as Chair of the European Committee’s Literature Subcommittee, on a global level regarding ACA’s literature outside the US. That work includes such activities as:

1) Assisting local groups to enter into translation agreements with the WSO;
2) Sourcing and contracting local vetting of translations of ACA literature;
3) Sourcing and contracting local or regional design, printing and delivery of ACA literature;
4) Creating pricing and distribution policies and strategies for ACA literature outside the US.

These activities ensure that ACA literature (particularly in foreign languages) outside the US is:

1) More affordable to local national fellowships because it is produced closer to home;
2) More readily available because it offers more flexibility and reduces long delivery times;
3) More profitable for the WSO and local IGs because of a local transparent pricing policy.

In 2017 the WSO will print ACA literature for the first time outside the US such as:

- Swedish Newcomer Booklet
- Finnish Yellow Workbook
- Russian Big Red Book
- Castilian Spanish Big Red Book
- Japanese Big Red Book

If you are interested in serving on the International Literature Subcommittee or would like additional information, contact Jeffrey F. at eu-finance@acawso.com

Literature Review Subcommittee – The Literature Review Subcommittee began work in May 2016, evaluating proposed WSO publications submitted by the fellowship and by other world service volunteers. The subcommittee reviewed seven manuscripts, including an ABC delegate training document that since has been posted on the ACA website. Three other manuscripts remain under consideration, and three have been recommended for removal from the Literature Queue. The subcommittee, initially chaired by Charlie H., is now being chaired by Tamara P., and will continue to review proposed literature submissions in 2017.
European Fulfillment – To further address high international shipping costs, we have established a third-party fulfillment account in Europe to reduce the costs for European fulfillment options. This looks to be the most viable solution to reducing the shipping cost of English and Spanish language literature to adult children in Europe. All booklets available for sale on the ACA website have been translated into Finnish, Danish, Spanish, and Russian, and are being formatted and barcoded prior to printing and delivery to the third party fulfillment service provider.

US Literature Distribution Network – We continue to offer a 30% discount price plan for ACA literature. This discount is exclusively for registered ACA Intergroups. This discount allows ACA Intergroups to service their local groups’ literature needs while providing the Intergroups an opportunity to generate a small revenue stream to fund outreach efforts and their operations. This helps the fulfillment efforts of the Literature Distribution Center.

Book Seeding Project – Several International ACA Groups and ACA Intergroups participate in this project to achieve savings in shipping costs.

ComLine – The ComLine is being offered quarterly, with the focus of each issue as follows:

- January – March (1st Quarter), Steps 1, 2, 3 and Traditions 1, 2, 3
- April – June (2nd Quarter) Steps 4, 5, 6 and Traditions 4, 5, 6
- July – September (3rd Quarter), Steps 7, 8, 9 and Traditions 7, 8, 9
- October – December (4th Quarter) Steps 10, 11, 12 and Traditions 10, 11, 12

We encourage all adult children to share their stories of experience, strength, and hope through their writings, drawings, photos, and poems. We especially seek shares from adult children around the world. These adult children have said, “My inner child does not speak English.” Shares written in the language of one’s childhood are printed as they are submitted.

A Letter from the ComLine Editor:

The second anniversary of the Adult Children of Alcoholics/Dysfunctional Families (ACA) ComLine newsletter will be this April 2017. We are grateful to Phyllis R. who rebirthed our direct line of communication to our global members. Patti H. is still providing her much appreciated typesetting expertise, and our committee proofreaders continue to fine tune the correct placement of the English written word; thank you! Our international members continue to share submissions in English, along with a version in their native language. ACA issues exist worldwide, and ACA is pulling together as an international family. The Delegates Corner has been created, and news continues to help our trusted servants to unite. Robin R., from the Literature Committee, graciously assists when needed, and her knowledge and expertise is always appreciated. What amazes me the most in my year as ComLine Editor is the willingness
of our members to take the time to write down and share their experience, strength and hope with our readers. Keep writing and sharing everyone, as it keeps the ComLine alive and well! Send your creations to litstaff@adultchildren.org. It is an honor and a privilege to serve ACA!

Mardi M., ComLine Editor

**Japanese BRB** – The BRB is now in Japanese, thanks to the service of Hiroko I. and the Japanese translation group. They have finalized the book, and are completing a second round of proofing. This is completed and the book is vetted, this book can go into production.

**Polish BRB** – The first Polish intergroup and translation team who contacted us in June have translated a big part of the BRB into Polish.

**Greek BRB** – The first Greek intergroup and translation team has contacted us; they have received five copies of the BRB, and they are translating the BRB into Greek.

**Finnish WB** – Layout of the Finnish workbook is complete and ready for press.

**French BRB** – The translation group in Quebec, Montreal is leading the effort to translate the BRB into French. Native French speaking members who reside in Arizona and Florida are offering assistance.

**Russian BRB** – Translation is complete. The Russian translation group is contracting a layout person to complete prepress production on this book.

**Swedish Newcomer Booklet** – Translation and layout is complete and ready for press.
Summary
The Literature Committee’s current workload consists of approximately 60% translation work, with 40% logistical support for other projects, including the ComLine and the overseas distribution effort. We currently offer literature in nineteen languages. Though we have established a baseline process for getting literature in the queue, we are keenly aware of the rest of the world’s need for literature and desire for translated materials.

With translations, we are expanding the base of our offerings. With the offering of the International Spanish BRB, we anticipate a surge in demand for Spanish literature, which will augment the existing demand for English and the anticipated demand for additional literature in Russian and Greek. Expanding globally to our expanding audience base will help to reduce the shipping costs of sending literature overseas. The primary area in which we are lacking is person hours. Expanding our language base could contribute to our financial bottom line.

Among the current Twelve Step Programs, ACA is on the cutting edge of trauma recovery.

Existing literature is heavily weighed in newcomer material. The “To the Beginner in All of Us” trifold and The Laundry Lists Workbook are geared towards adult children who have been in the program for a while.

We would like to dedicate the resources of the literature committee to the core work that’s been articulated in existing literature.

In order to ensure the best quality ACA literature and to make sure that it remains current and relevant, we suggest that literature offerings be conversant in 12 Step individual and group trauma recovery topics. We suggest that those wanting to contribute literature should be thoroughly familiar with the existing ACA Literature, the body of work on trauma recovery by the mental/body health professionals, the wealth of knowledge by theologians and spiritual practitioners, and that the offered literature be globally applicable and sensitive.

We realize that some literature will have to be written from scratch. Literature should be written with a couple of essential questions: Who would be the target audience? Where on the existing spectrum of ACA recovery literature would this piece fit?

Gratitude
With great appreciation for the support received from each Board member, past and present, the outstanding dedicated office staff, and all the wonderful volunteers who have assisted the Literature Committee’s work, we are...

Deeply in your debt,

The Literature Committee

From a space of love, I give service in ACA so that every adult child seeking recovery may find a safe place.
THE DISTRIBUTION CENTER OVERSIGHT COMMITTEE (DCOC) ANNUAL REPORT

Initiated in May 2013 as a direct result of a WSO Process Audit conducted in January 2013 by Larry A. and Mary Jo L., WSO Trustees. This audit was initiated by Scott R., the Chairperson of the WSO.

Presently, the Committee has Co-Chairs Mary Jo L., Illinois and Larry A., New York. Ines Z. was a recent member of the committee until February 2017.

Statement of Purpose

The purpose of the DCOC is to oversee the staff as well as the sales and distribution activities that emanate from the Distribution Center that require staff involvement.

Committee Activities since the Previous ABC

- Performed routine management activities in the absence of on-site management that includes the following
  - Recommended and implemented staff raises
  - Wrote and delivered Performance Reviews
  - Held weekly Staff Meetings
  - Added employee form for Incidents/Accidents

Although it has not been ideal from a management perspective, the DCOC has managed the operations and staff from a distance as well as possible. This has included managing HR activities and doing almost daily troubleshooting.

- Implemented the new Board Intergroup Discount initiative

As an incentive for Intergroups to form and help them be self-sustaining financially, this initiative was implemented, extending a 30% discount. Books sold through this program are not individually wrapped and must be purchased in full case quantities and thus require very little effort on the part of the staff to fulfill.

- Implemented move to Ware-Pak, a 3rd party fulfillment center in Illinois

The contract with Ware-Pak was signed in late May, to take effect on September 1st. Logistical issues delayed the launch until November 1st. All orders that emanate from our Shopping Cart are filled in Illinois with the exception of Intergroup bulk quantity orders and International orders, which are still filled at the Distribution Center.
• Initiated new processes for tracking Purchase Orders and all supporting documentation
• Established a Credit Memo process to more efficiently track inventory changes
• Established a refund policy

We continue to streamline processes to make our systems more efficient and effective. We expect that there will be many more processes that may change as a result of the voluntary audit that has been conducted.

• Tasked staff with writing procedures for all of their responsibilities

In an effort to ensure that processes are handled consistently, the staff has been writing and revising procedures as applicable.

Additional Pertinent Information

• 1,702 active Meetings
There were 1,520 meetings at the start of 2016, a net increase of 182 meetings.

• 68 active Intergroups
There were 54 Intergroups at the start of 2016, an increase of 14 Intergroups. While some may be forming to take advantage of the Intergroup discount program, the expectation is that the unifying power of an Intergroup will be the glue that holds them together.

• Sales figures (See attachments)
  o Product Sales Totals by month for 2016
  o Monthly Gross Sales for 2016 (Download sales refers to sales of downloaded recordings from the 2016 AWC)

Goals for the Year Ahead

• To continue work with the Board to hire a General Manager.

We hope that the Board will have a General Manager in place before June so that the DCOC can step back from day-to-day operations.

• To expand distribution channels in order to continue to reach as many ACAs as possible with our literature.

Amazon has successfully launched in the U.S. and should hopefully be launched in the U.K. by the start of the ABC. Sales in the U.S. have been brisk and the Distribution Center has shipped a second pallet of books to the Amazon warehouse in the Los Angeles area.

Regular sales figures can be found on the WSO website repository:

THE ABC COMMITTEE ANNUAL REPORT

Founded in 1987, the ongoing work of the ABC Committee confers a perpetual standing status.

Statement of Purpose

The ABC Committee exists to facilitate the work of planning and coordinating each year’s ABC-AWC, informing the fellowship of developments. In addition, the ABC Committee works with the Ballot Prep Committee to ensure the Group Conscience Surveys and subsequent Ballots are distributed and tallied according to the OPPM. We work in tandem with the Delegate Training Subcommittee, who offers guidance to the ABC Delegates, as needed.

Committee Activities since the Previous ABC

- We developed an Application and an Assessment Tool for choosing the 2017 ABC Host.

The Application form was based on a form that was previously used for gathering information about the host committee of the 2016 ABC. The form looked at the volunteer base and the host leadership; the logistics of travel and the venue; general costs particular to that location. With an application in place, we then needed a way to objectively compare bids, which led to the creation of a numerically based assessment tool.

- We evaluated the applicants and recommended San Diego to host the 2017 ABC-AWC

With a strong application from Reno, Nevada, we had a difficult time arriving at the decision to recommend San Diego to host the 2017 ABC-AWC. The WSO Board agreed with our assessment.

- We acted as the Board Liaison for the planning of the 2017 ABC AWC.

We have provided documentation and guidance to the San Diego Host Committee to help them hit the ground running on the planning of this year’s convention. The ESH of last year’s host committee was passed on to this year’s host committee. Two face to face meetings have been held with the host.
committee at the hotel to facilitate the planning of the ABC AWC and to develop the program for the AWC.

- We helped develop the agenda for the 2017 ABC.

In collaboration with both the WSO Board and the Delegate Training Sub Committee, we determined the sequence and timing of the ABC activities. We also offered experience to the Host Committee as they created the AWC program.

- We put out the call for the 2018 ABC host; received three applications

With the work of recommending a host for the 2017 ABC completed, we suggested to the Board that the ABC Committee continue their work, by finding a host for the 2018 ABC. The concept underlying the request was to establish a practice of finding a host, roughly 15 months before their event, so that they might gain experience by observing or assisting with the prior ABC. The additional time for planning, as well as the overlapping of host committees will offer continuity and consistency.

We evaluated the bids from Vancouver and Toronto in Canada and Newcastle in the United Kingdom. After extensive assessment, we recommended that the Board choose Toronto.

- We stepped in and ensured the Group Conscience Survey and Ballot Proposal voting process was carried on according to the schedule outlined in the OPPM.

Due to circumstances beyond his control the Ballot Prep Committee Chair had to resign shortly after the 2016 ABC. The ABC Committee Chair took on the duties of that committee chair and enlisted the ABC Committee in assisting in getting the group conscience surveys and ballots out to the groups. After the proposals were received and the board assisted in the WSO analysis, the ballots were sent back out for online voting. The voting this year set a record and resulted in just over 203 groups/intergroups casting their votes. Of the 16 ballots sent out, 12 received the required 2/3rds approval to be put on the 2017 ABC agenda.

- We supported the submission of the annual Committee Reports

We designed a form that could help committees in making their annual reports. The form indicated information that we felt would be of value to the Board and ABC Delegates. Ideally the various reports might be more easily compared and searched. The form could also abbreviate an oral presentation.

**Goals for 2017**

Annually, our committee calendar has two tracks:

1. To take the necessary step for recommending a host for the ABC, two years’ out.
2. To assist the Host committee in the planning of the ABC / AWC for the upcoming year.
Finding a host for the 2019 Annual Business Conference will begin with 2 concurrent steps. We will start by refining the application form and assessment tool. At the same time we will announce the search - a call to groups and Intergroups curious about hosting this event. These groups request and receive the Application to Host, which will be submitted around September. We anticipate an enthusiastic response, which will likely require a 2 step evaluation, in which we initially narrow the field to 2 or 3 candidates. The ABC Committee intends to makes a recommendation to the Board by sometime in November.

Our recommendation is offered in this time frame so that the 2019 Host Committee will be able to participate in some of the planning of the 2018 ABC, learning from the experience. Ideally, some members of the incoming host committee will be able to attend the previous ABC to participate and experience the event, first hand.

At the same time, while we search for the next host, the ABC Committee will be involved with the creation of the 2018 ABC-AWC. Our planning of the upcoming ABC focusses on developing the agenda for the meeting and driving the submission of committee reports, which will now be covering a January – December timeframe. The agenda revolves, primarily, around the discussion of those ballot proposals that achieve the 2/3 vote requirement. We will be working with the Ballot Prep Committee, as needed. Additionally, the agenda allows for instruction and guidance for the Delegates, and we will work with the Delegate Training Sub Committee as they plan their program.

The ABC Committee also offers guidance to the Host Committee, generally, in regards to the Annual World Conference. In the coming year we will be developing AWC timelines and guidelines for the Hosts to consider.

Some committee information can be found on the WSO website repository:
http://repository.adultchildren.org/committee-abc

Presently, much of the communication and sharing of documents between committee members occurs on the Slack platform. All are welcome to participate or observe. Write us for an invitation.

Motion: At this time we would like to put forward the nomination of Jim R., from New York for the 2018 ABC Committee Chair position.

Statement of Purpose

The Ballot Prep Committee (BPC) was created to oversee the Group Conscience and Ballot Proposal process for the WSO and ACA Fellowship. This includes assisting the membership in understanding the process of performing group conscience surveys and submitting ballot proposals to be considered by the delegates at the annual ABC meetings and to make recommendations on ways to improve that process.

Bullet list of committee activities since the last ABC

- Review the current Ballot / GCS (Group Conscience Survey) procedures of the ACA Fellowship.
- Clarify the Ballot / Group Conscience Survey procedures for ACA groups, Intergroups and the ACA fellowship worldwide.
- Publish the proposal and balloting procedures, along with submission deadlines on the ACA website, in the ComLine.
- Communicate with ACA registered groups and Intergroups worldwide to help them understand that they have the right, and the responsibility, through their group conscience to offer proposals for additions, and/or changes to, ACA Policies, Procedures and Publications that they feel will be beneficial to the collective ACA groups, Intergroups, WSO and ACA Fellowship provided they are submitted within the current procedural timelines in the ACA Operating Policy and Procedures Manual (OPPM).
- Examine all proposals submitted to ascertain that they were submitted by the group conscience of a registered ACA group or Intergroup and to make sure the desired intent is clearly understood and appropriately translated prior to being presented to the membership in the annual ACA Group Conscience Survey.
- Encourage all ACA registered groups and Intergroups worldwide to participate in exercising their right to be heard through the ACA GCS process and to vote on any/or all proposals presented by other ACA groups, Intergroups or the WSO Board, provided they are submitted within the procedural timelines established by the OPPM.

### Tasks Completed

- Established a clear timeline with specific dates for the complete Group Conscience Survey and Ballot Proposal process and communicated it openly to the ACA Fellowship.
- Adhered to the timeline published and communicated the dates effectively to the fellowship.
- Received a record number of responses to the ballots – 203 groups/intergroups voted.
- Designed a simplified ballot format that made the ballots easier to read.

### Detailed descriptions, as needed

Presented and adhered to a timeline for all BPC activities:

- Ballot Proposal votes deadline on WSO Survey site.  
  - February 28, 2017
- Ballot Proposals sent out to registered groups and intergroups.  
  - December 2, 2016
- GC Proposals due in to WSO Survey site.  
  - September 30, 2016
- GC Proposal Call letter for sent out to registered groups and intergroups.  
  - August 1, 2016

### Goals for the year ahead

- Elect a chair and replenish members for this important committee.
- Clearly communicate the timeline for all deadlines of the process to the fellowship.
- Continue to improve the Group Conscience and Ballot Proposal process.
- Clarify and codify the Ballot Proposal process in the fellowship’s foundational documents.
- Get a larger percentage of groups involved in the ballot proposal process.

I. Statement of Purpose

Official: Our mission is to be the human face and local (on the ground and not foreign) presence in Europe of the World Service Organization (WSO) for the Fellowship of Adult Children of Alcoholics / Dysfunctional Families (ACA). From a place of unconditional love, we pro-actively carry the message of the 12 Steps, by supporting the growth of the European Fellowship through a wide range of services that help build their own local service structures, facilitate the translation / verification / local printing and distribution of ACA literature in their own language, understand our concepts of service, traditions, and the structure of the WSO. We are not organized for the private gain of any person, and function as an autonomous body for Europe, as part of the WSO.
Unofficial: We are the “Mighty Mouse” of the WSO. We are only two committee members with very limited support, but we each speak three languages and do our best to serve a diverse and divided continent with more than 700 million people in 50 countries and 23 official languages. Fellowships in these countries, tend to be much smaller and/or underdeveloped compared to the US, because of the need to first interpret the word before it can be spread. As a result, much of our time is spent nurturing the often-fragile development of local translations and service structures, that have to replicate the ACA wheel (meetings, service structure and local literature) in their own language and by themselves. Despite these overwhelming odds, we do make a difference every day, but miracles take a bit longer.

II. List of committee activities in 2016

1) Raised the profile considerably of the EC with increased monthly communications...

which now include: an email newsletter, a teleconference call with local dial-in numbers for Europe, followed by a recording of that call posted on our new EC website (www.acawsoec.com) and eventually minutes of the call posted on the WSO repository and the EC site.

2) Researched local book printing in England and selling books on Amazon.co.uk...

which lead to the green light being given by the WSO Chair in early 2016 to begin shipping books in bulk to England and selling Europe-wide through Amazon fulfillment. This is especially important for the development of the English-speaking fellowship in the United Kingdom and Republic of Ireland.

3) Spoke at a well-organized business meeting in Latvia...

and shared about the structure of the WSO, how we work, and how our work is guided by our traditions and funded by sales of literature.

4) Researched and found alternative shippers (like TNT)...

who could deliver bulk orders of our books outside the US at a much lower cost than the US postal system, who’s charges typically made up 2/3 the cost, of any foreign-shipped purchase.
5) **Set up a system to spot-check-verify translations of ACA books...**

using more affordable local resources instead of large US translation agencies. It is estimated that this new approach has saved the WSO about $20,000 in 2016.

6) **The WSO, through the EC, made its first official visit to The Netherlands...**

To get to know their fellowship, leading members of their service structure, and speak about the need of having a service structure in place here in Europe and how we make this happen.

7) **Originated and drafted a Board approved commercially viable pricing policy...**

for the WSO and local fellowships for producing/distributing foreign ACA books outside the US. This ends uncertain margins or losses on foreign titles printed in the US and enables fellowships outside the US to able to afford to purchase our literature under their own financial conditions.

8) **Suggested that the WSO Treasurer use a foreign payment intermediary...**

(TransferWise) so that Board members in Europe (and others outside the US receiving payments from the WSO) would not have to incur additional bank charges. The WSO also saves money with transfer fees and exchange rates.

9) **Introduced the ability to provide business and commercial advice...**

To support local service structures in Europe relating to their local literature sales and distribution.

10) **Continued to grow private telephone and Skype support calls...**

with various calls weekly, sometimes twice a week, with key service members in countries seeking advice and best practices when setting up service structures in their own country.

11) **Originated and drafted a Board approved per diem travel policy...**

for Board members to further simplify WSO accounting records and admin. This was driven by the challenges experienced in Europe with multiple currencies, payment methods, or lack of US-style cash register receipts in some countries.
12) Originated and drafted a Board approved policy to allow all trifolds...

to be downloaded for free in pdf format. This mainly benefits fellowships outside the US because they can now print them as needed at local costs and without having to pay for overseas shipping. Smaller groups in the US with less financial means also benefit from this policy. The policy also included asking anyone downloading free trifolds to consider making a one-time 7th Tradition contribution of $10 or more as a token of appreciation.

13) Sought legal counsel which approved a contractual arrangement...

for the WSO to hire a company in Europe to act as an intermediary when paying expenses for committees operating outside the US. This greatly simplifies accounting records for the WSO saving time and money.

14) Sent ACA Starter Kits...

to Malta, Switzerland and Romania as part of the “Lights On” initiative.

15) The WSO, through the EC, made its first official visit to Hungary...

to get to know their fellowship, leading members of their service structure, and speak about the WSO. This official WSO visit was also the catalyst to bring together members face-to-face to discuss their local translation challenges with the aid of having immediate advice from the WSO.

16) The WSO, through the EC, made its first official visit to Russia...

to attend the 3rd Annual European Meeting and get to know their fellowship, leading members of their service structure, and speak about the WSO. Prior to this visit extensive talks were also conducted on the phone regarding their service structure. This official WSO visit was also the catalyst to bring together members from all across Russia for their first face-to-face business meeting to discuss regional cooperation. The EC also created and brought with them as a gift, a coin to commemorate the publishing of the Big Red Book (BRB) in Russian. Personal copies of the BRB that EC members brought with them were also passed around to members to hold and cradle, many of whom never held a copy in their hands.
17) The WSO, through the EC, made its first official visit to Italy...

to get to know their fellowship, leading members of their service structure, and speak about the WSO. This official WSO visit was also the catalyst to get a national Italian Intergroup formed. Talking about our traditions and concepts of service made a huge difference in how they set themselves up and how they elected trustees. We also talked about copyrights and explained why it is important.

18) Began to address a serious copyright violation with our literature in Germany...

that was years in the making. This progress was due to the development of a local service structure in Germany and the on-the-ground support of EC Committee/Board members who could also communicate in German.

III. Tasks Completed in 2016

1) Created our first plan and budget (for 2016) which was approved by the Board.

2) Upgraded our monthly Skype call to a free teleconference line with local numbers in Europe so that more people could easily join our call or listen to a recording of it.

3) Began to write and send a monthly email/newsletter with updates and announcements relevant to the EC’s work and the fellowship in Europe.

4) Created a simple website (www.acawsoec.com) to begin communicating and connecting more efficiently with the European fellowship.

5) Appointed EC Country Representatives in 16 countries: Czech Republic, Denmark, England and Wales, Estonia, Finland, Germany, Greece, Ireland, Latvia, Netherlands, Norway, Romania, Russia, Spain, Sweden, and Switzerland.

6) Attended the 3rd annual ACA European Meeting that was held in Moscow.

7) Sent an EC member to national events in Latvia, Netherlands, Denmark, Hungary, Russia, Czech Republic, and Italy.

8) Laid the groundwork to solve two major literature problems in Europe: selling English language literature from Amazon UK and printing local language literature in Europe.

9) Hired support to transcribe monthly TC minutes and upload content on the EC website.

10) Continued to support the fellowship’s needs on a case-by-case basis per country.
IV. Finances

As already stated, the European Committee is unique in that it needs to support fellowships in many foreign countries that need to replicate much of what the WSO has already done in the US. For this reason, funding and finances plays a more important role for this committee, which is why we include a section on it for our report.

1) 2016 Budget

In 2016 the EC spent USD 5,626, mostly for Travel (71%) where at least one Committee/Board member attended and spoke at national events in Latvia, The Netherlands, Hungary, and Italy. Both Committee/Board members also attended and spoke at the 3rd European Meeting held in Moscow, Russia. On average this cost about USD 660 per person per country visited. Support is the second largest expense (21%) which accounts for mainly administrative support such as transcribing our monthly teleconference calls and all expenses associated with our web site. Miscellaneous (6%) are one-off expenses and Service Fees (2%) cover the cost of transferring funds and payments in Europe.

2) 2016 7th Tradition Contributions

In 2016 the EC reversed the decline in 7th Tradition Contributions from Europe with an increase of nearly 22% on 2015. This was achieved by being more visible and pro-active engaging members to get involved. Profile building and outreach efforts were covered in the activities portion of this report. But special mention needs to be made regarding the creation of Country Representatives, which is an advisory position to the EC, and helps keep us informed of developments in their country. However, we are only scratching the surface, as there needs to be a major educational initiative on this topic which will begin in 2017. The other major challenge regarding 7th Tradition contributions has been the high cost of obtaining ACA literature from the US. Again, in 2017, these issues will finally begin being addressed in Europe by selling literature on Amazon (in Europe) and printing literature in Europe.
3) 2016 Literature Sales

ACA Literature (in English and foreign languages) continues to be an important component of the recovery process for adult children in Europe. Unfortunately, no easy system has ever been set up with WSO financial records, to track literature sales revenue from Europe. You can only manually check past sales records and receipts and the EC does not have the human resources to do this. One example of such sales records research produced a net sales figure of **USD 13,937** for the period January – August 2015. But this did not include bulk purchases of foreign language books that were printed and shipped from the US. 2017 will be the first year when such figures will be more easily tracked because of the shift to selling on Amazon (in Europe) and printing all European language literature in Europe. It is also our hope that the Finance Committee make appropriate improvements in their financial reporting to be able to capture any sales that still get processed in the US either through the adultchildren.org shopping cart or through Amazon in the US/North America.

V. Goals for the year ahead

1) Update our plan and budget for 2017 and have it approved by the Board.

2) Add more support to our committee. The EC desperately needs native-English speaking members who love to write, have an interest in Europe, and want to do service by helping us to create and disseminate a variety of information through various channels such as reports, newsletters and our web site. If you know anyone that would be interested, please have them contact us.

3) Begin selling ACA books on Amazon in Europe, starting with England, and then eventually extending to Spain (for the Castilian Spanish BRB) and other countries.
4) Begin printing the first ACA literature ever in Europe such as: Swedish Newcomer Booklet, Finnish Yellow Workbook, Russian Big Red Book, Castilian Spanish Big Red Book.

5) Hold our 4th annual European Meeting in Spain to celebrate the publishing of the Castilian Spanish Big Red Book and help the Spanish service structure get more organized.

6) Set up a proper database of contacts and actively build and work this list as a regular outreach to members for information, inspiration and support.

7) Begin educating members in Europe (through our database of contacts and web site) on the importance of 7th Tradition contributions.

8) Have for the first time, a reasonably accurate overview/balance sheet of finances for Europe, based on all sales of literature and 7th Tradition contributions originating from Europe, along with expenses incurred by the WSO to support EC operations and activities.

9) Add a lot more content to our new EC website so that it becomes an even more valuable international communications tool and platform for members in Europe.

VI. Conclusion

Like the voyagers of the Starship Enterprise, the fellow travelers of the European Committee boldly go where no member of the WSO has ever gone before. While this may seem obvious, what is less obvious, is that like the crew of the Enterprise, no one can predict what we will encounter once we actually visit some far-flung corner of our fellowship. As such, most of the activities noted for 2016, came only as a direct result of challenges encountered on this journey.

Another less obvious but very important point, is that by default, fellowships outside the US naturally suffer from some form of neglect and sometimes abandonment. In the context of our program, think of the added challenges this presents to the WSO. Physical distance, language and culture, all throw up barriers that adult children the world over have to overcome if they want to obtain the same level of emotional sobriety that originated in, and is commonly found in the US. Even if this neglect is not intentional, it is a natural part of our worldwide fellowship’s DNA. Indeed, many fellowships outside the US, are like the middle child trying to find their own way.

That is why it cannot be underestimated how important it can be for fellowships outside the US to make personal contact with members of the WSO or others in the US. Because it is only through this personal contact that they get to learn more about our fellowship and the concept of service, or learn that they are doing just fine with their own personal, group or national development. In short, the ability to connect with a representative of the source, provides an unparalleled ability for them to compare notes, benchmark their progress, or gain assurance and peace of mind.

We have truly been humbled to see foreign fellowships accomplish so much with so little that we continue to do what we can, and ask that the fellowship and Board supports us in our efforts.

Goals for the year ahead

- Build a membership contact database so that not only meeting contacts receive email updates and information, but so will members of the fellowship who wish to do so.
- Attend 2 conventions and display ACA information and literature.
- Develop a MPS e-zine named “The Traveler” and place it into monthly distribution to all members who wish to receive it. This will not compete with the quarterly published, recovery oriented ComLine, but will supplement the flow of information.

Motions to put Forward

Both of the motions below originated in the MPS Outreach Subcommittee and are approved by the MPS Committee.

**Motion 1.** To establish a monthly e-zine publication that can be emailed to all members on a monthly basis or more frequently if information is available to go out to the fellowship. This has been discussed extensively with the Website and Database Committee Co-Chair.

**Motion 2.** To install a newsletter sign up button on the homepage of the website and add a page in the menu for signing up to receive emails from WSO. This has been discussed and worked on jointly by the Website and Database Committee Co-Chair.

WSO Website - Repository URL of meeting minutes / reports

Presently, much of the communication and sharing of documents between committee members occurs on the Slack platform. All are welcome to participate or observe. Some information can be found on the WSO website repository here:

Annual Report of the Intergroup Subcommittee
Of the Member and Public Service Committee

Report to the fellowship, March 29, 2017

“An ACA Intergroup is a group of ACA members who represent ACA groups that meet in a geographic area, such as a city and nearby suburbs. The Intergroup meets periodically, usually once a month or quarterly, to provide services to the entire area. IGs play a vital role in carrying the ACA message to the still-suffering. The local Intergroup may receive the first contact from a newcomer seeking help. Therefore, the primary purpose of an ACA Intergroup is to support the local meetings and to help direct newcomers to those meetings. An Intergroup assists groups to carry the message by effectively doing together what may be difficult for a single group to do alone.” BRB 603-604

In the 21st century technology has enabled Intergroups (IG) to develop without geographic distinction. IGs have been formed to serve the needs of specific groups such as telephone meetings, countries, and languages. There are currently 71 IGs registered with WSO.

The Intergroup Subcommittee (IGSC) was formed "to coordinate communications between established IGs in order to provide support for one another, enable IGs to provide support more directly with the understanding of and participating in the support of the World Service Organization structure, and to explore how leadership and support from the WSO Board might better serve the fellowship via Intergroup activity"

Our priority this year was establishment of an online forum to allow IGs to communicate with each other. This was eventually realized through the WSO account on Slack. An email was sent to all IGs through their listed contact address. It is further open to anyone interested in IG issues. Currently there are 38 subscribers. There IGs have shared their experience with structure, organization, and operation as they seek to serve their supporting groups.

This year more meetings have been organizing themselves into IGs, with 13 new IGs registering from around the world. In the past 12 months we received over 250 emails about everything from the group affiliation process to how to open a bank account. We have worked with IGs to address common concerns, such as registration and listing process, meeting affiliations, literature procurement, and communications. We continue our efforts to aid communication between IGs and WSO and among IGs themselves. We believe that each Intergroup has its own collective Experience, Strength and Hope that will benefit the others.

We look forward to continued growth of IGs to assist groups in carrying the message of recovery. In service,

Bonnie K-M

IGSC Chair
Introduction

The disease of family dysfunction is a progressive disease. Because of this, some adult children to seek help in a treatment setting or psychiatric hospital. Other adult children are sentenced to prison for crimes they have committed while acting out with addiction or codependency. These adult children often form an ACA meeting in their facility and ask for outside support.

Background

The Hospital and Institutions (H&I) sub-committee is responsible to the WSO for liaison with these institutions, including the potential development of ACA meetings with the institutions and ensuring materials are available to the institutions upon request in support of such meetings.

The H&I Subcommittee

The mission:

The primary purpose of taking H&I meetings into the hospitals and institutions is to carry the ACA message to those who are otherwise unable to leave the facility to attend ACA meetings.

Approach: During the past year the subcommittee has worked to create templates of letters that can be sent to therapists and correctional institutions and shared them on the Slack Channel so other local H&I Committees could use them if they wish. Over fifty of these letters were sent to South Florida therapy professionals and correctional institutions with an assortment of tri-folds and information about how to download more free online.

The subcommittee has also sent literature as requested to individuals who were working at the local level. The information is indicated in the table below:

Literature was sent to the following states:
An excel spreadsheet is attached as an addendum for further reference.

During the past year the H & I Subcommittee has also supported Intergroup and Regional H & I committees in Florida, California and Denmark.

**Next Steps**

The subcommittee will need a chairperson to effectively further its mission.

Recruit members of the H&I subcommittee from H & I coordinators in different geographical areas of the world.

Create an Institutions Meetings Questionnaire to learn from the successes of this type of meetings and send to all groups and intergroups.

The subcommittee will promote the formation of H & I Committees in newly forming Intergroups and Regions.

The subcommittee will encourage and support local H & I Committees as they take meetings into more treatment centers, hospitals, and correctional institutions.

The subcommittee will develop outreach programs to make prison and hospital officials aware of our program and convince them we are a good resource.

Connect with ACA members currently taking meetings inside prisons and institutions to share their experience with others who might want to do the same thing.

Establish a letter writing program to carry the message to inmates and patients.

Begin using email to correspond with inmates and patients who have email access.
How to Participate

Those who are interested in the work of the Hospitals and Institutions subcommittee can contact the MPS Chairperson to work at the national level.

Those interested in doing H & I work at their local levels can talk with their regional and intergroup H & I Chairperson, or contact the WSO H & I subcommittee for support and materials.

Become a letter writer.

Identify hospitals and correctional facilities in your area who are willing to receive information about our program and identify the interested persons and the best way to contact them.

Reference: Adult Children of Alcoholics or Otherwise Dysfunctional Families

We are writing on behalf of Adult Children of Alcoholics®/Dysfunctional Families (ACA, also known as ACoA), because of your program’s focus and the possible aid that ACA may give the people you work with and serve.

Founded in 1978, ACA is an independent Twelve Step, Twelve Tradition program of recovery for adults raised in alcoholic or otherwise dysfunctional families. For over 30 years, ACA has helped adults raised in dysfunctional families heal from their past and live responsibly as adults.

To familiarize you with the ACA program, allow us to highlight a few core ACA concepts and beliefs:

ACA believes that children are affected by the disease of alcoholism or family dysfunction during their childhoods and that they recreate the effects in their adult lives. Children in these kinds of families acquire a model for external and internal addiction, which they act out in their adult lives.

The impact of alcoholism or family dysfunction is multi-generational. A child who is exposed to traumatic childhood experiences presents a false self to the world to feel safe and buries the True Self to survive the terrorizing onslaught.

As adults, when confronted with adult situations, they unconsciously regress to a stage in their childhoods. Thus, the ACA literature discusses such topics as alcoholism, external and internal addiction, generational dysfunction, PTSD, dissociation, dependency, codependency, grieving, depression, obsessive compulsion, behavioral addiction, incest, molestation and regression as some of the consequences of being raised in an alcoholic or otherwise dysfunctional family.

Enclosed you will find an ACA meeting schedule for your area. Since you may come into contact with many who would benefit, we would also appreciate it if you would make the enclosed information available to them.

ACA members take responsibility for their lives and do not blame their circumstances on their caregivers or childhood experiences. ACA suggests to its members that they read ACA literature, attend ACA meetings and practice ACA’s Twelve Steps and Twelve Traditions. ACA members learn to re-parent themselves with gentleness, humor, love and respect. ACA members aim to achieve wholeness and have

Dear Sir/ Madam:

I am writing on behalf of Adult Children of Alcoholics®/Dysfunctional Families (ACA, also known as ACoA), to raise awareness about our program and offer materials for use by detainees in your facility.

Founded in 1978, ACA is an independent Twelve Step program of recovery for people who were raised in alcoholic or otherwise dysfunctional families. For over 30 years, ACA has helped people raised in those dysfunctional families heal from their past and live responsibly as adults.

The difference between ACA and other 12 step programs like AA or NA, is that ACA deals with emotional issues that are at the core of all addictions. We are the program that helps people recover from all the negative effects of growing up in abusive or neglectful homes such as those where one or both parents were alcoholic, drug addicted, violent, or just absent.

ACA members take responsibility for their lives and do not blame their circumstances on their families. ACA suggests to its members that they re-parent themselves by reading ACA literature, attending ACA meetings (if incarcerated one can be brought in to the facility), and by working ACA’s Twelve Steps. ACA does not align itself with any religions, programs, or philosophies, and does not accept any outside donations.

You may view and download our free literature on our website at www.adultchildren.org. Simply select the center “Welcome” graphic icon labeled “Free Literature English and Translated”. You are invited to copy and distribute this as you deem appropriate.

Much of our material is available in foreign languages and our books for lockdown facilities have softcovers and glued spines. Please feel free to contact us for more information about complimentary books and brochures.

Sincerely,

Bill Dalton

ANNUAL REPORT OF THE DELEGATE TRAINING SUBCOMMITTEE
of the Members and Public Service Committee of ACAWSO

Inception Date: April 22, 2016

Chair/Vice-Chair:
Laura L. Erin D.

Committee Members:
Barry B Louis B
Bob P Mary Ann M
Bonnie K-M Melani McK
David McB Moe D
David S Sam S
Sharon O

Purpose/Mission Statement:
The Delegate Training Subcommittee was created as a standing (permanent) committee, out of the 2016 Annual Business Conference. This is the first time such a training program has been in existence in ACA.

The purpose of the Subcommittee is "to serve as a resource to help educate Delegates and Alternate Delegates of groups and Intergroups to the Annual Business Conference by providing information on what is read prior to attending the conference, as well as helping delegates be more informed in helping their members/groups practice traditions and concepts and holding group consciences."

Meetings
of the Subcommittee were held: June 15, June 27, July 6, August 10, September 24, 2016, January 22 and February 26, 2017. We expect to have a meeting March 26.

What We Did:

1. Delegate Education document. In June a "delegate education trifold" was prepared and in July it was submitted for MPS Chair and WSO Literature Committee review. In January it was in final review and in February it was finalized as "ACA Delegate: Getting Started" document uploaded to the Delegate Education page of the adultchildren.org website.

2. Delegate Corner article in the ComLine was created. 3 articles were written: the Fall Quarter 2016 on the birth of Delegate Training, Traditions and Concepts, the Winter/January 2017 article on Robert's Rules of Order and the Spring/April 2017 article on Floor Motions.

3. Webpage. In September a "Delegate Education Page" was approved and in October it was created on the adultchildren.org website. It aggregates information we have to date onto one page that a delegate needs.

4. Survey Results Report/Outreach to Delegates. A survey of past conference experience by past delegates was suggested in June and in January a report of those surveys was produced.
In 2017 we will want your help and input on how we can better serve our fellowship, we welcome you to complete a 2017 Annual Business Conference Delegate Survey. Either a hard copy will be placed in your delegate binder or an email from Survey Monkey will appear in your email inbox.

5. **Buddy/mentor/service sponsor system** for registering new delegates matching them with past delegates was suggested and has been implemented to provide new delegates with some support prior to attending the conference.

6. **Workshops.** Teleconference workshops were held in March and April, a few workshops were held in Orange County, California (near San Diego) and delegate orientation is being held at the opening of the ABC.

**Where Do We Go from Here?**

A. Delegates Corner articles - continue articles in either the ComLine and/or the new service newsletter that will be coming out.

B. Inspire Working Classes of Delegates to continue to serve year-round on committees; consider having delegates meet 2 or 3 times a year at a Biannual or Triannual Business Conference held in person and by videoconference. Participation on service structure, hospitals and institutions, outreach to public and membership, Intergroup and regions.

C. How to Video for new delegates

D. Harness and Retain Past Delegates and Past Trustees -- try to engage them to work on service structure or other WSO committees.

E. ACA Concepts Checklist - 4-page short paragraph on Concept followed by 4 questions on each Concept. Look to other sister programs how they developed theirs.

F. Continue to develop Delegate Frequently Asked Questions for workshops.

G. Develop Guidelines for Past Delegates to help the New Delegate Program be more consistent

H. Send out monthly/quarterly puzzles* on Traditions, Concepts, OPPM to new and returning delegates-- this may work in conjunction with MPS and a service newsletter. *Consider working with Intergroup contacts to get disseminated?

I. Analyze other delegate education programs of other 11 step organizations. The service structure committee is currently analyzing other 12 step organizations. Why not borrow that idea and apply it to delegate education to see if it would improve our program?

THE Database and Website COMMITTEE ANNUAL REPORT

Founded in 1987, the ongoing work of the Database and Website Committee confers a perpetual standing status.

Presently, the Committee is Co-Chaired by Larry A. from New York and Jim B from Florida.

Statement of Purpose

The DB and Web Committee exists to facilitate the work of the other WSO standing committees leveraging the internet and other technologies. The main areas supported are the adultchildren.org website, online meetings list, information repository, and online shopping cart. We report each month on the types of activity that we see on the main website, not including the repository, or the shopping cart.

WELCOME TO ADULT CHILDREN OF ALCOHOLICS®/DYSFUNCTIONAL FAMILIES

Never before in the history of Twelve Step programs has a fellowship brought together such a diverse group of recovering people that includes adult children of alcoholics, codependents, and addicts of various sorts. The program is Adult Children of Alcoholics. The term “adult child” is used to describe adults who grew up in alcoholic or dysfunctional homes and who exhibit identifiable traits that reveal past abuse or neglect. The group includes adults raised in homes without the presence of alcohol or drugs. These ACA members have the trademark presence of abuse, shame, and abandonment found in alcoholic homes.

Our 30 years of experience has shown that adult children who attend our meetings, work the Twelve Steps, and find a Higher Power experience astonishing improvement in body, mind, and spirit. Ours is one of the few Twelve Step fellowships that embraces the difficult task of trauma work, which can often lead to an excruciating journey to the Inner Child or True Self. Along with sponsorship, we encourage informed counseling to help the adult child accomplish the greatest level of emotional healing from an abusive upbringing.

SERVICE STRUCTURE ADHOC COMMITTEE REPORT

May 2016 – March 2017

Introduction

A great effort is underway to review both the manner in which ACA services are provided to the fellowship, and how the fellowship, in turn, communicates its needs and ideas to the ACA World Services Organization.

The Service Structure Committee has been established to analyze the existing methods of providing ACA services and to recommend, to the Board of Trustees, beneficial changes to the structure of the organization. These changes may better position the organization to cope with both an increasing membership and demand for products and services. The sweeping scope of the endeavor implies a systematic approach and a multi-year effort.

The Committee is dedicated not only to keeping the ACA membership informed of the process and developments, but also to inviting all interested members to participate. We believe that everyone has something to offer.

Background

What is a Service Structure?

The primary purpose of the ACA program is to carry the message of recovery to all who suffer from being raised in an alcoholic or dysfunctional environment. The World Service Organization maintains various services for anyone seeking recovery, through ACA. The services offered, as well as the way our organization is put together, is what’s known as the service structure.

How does the WSO impact the group meeting and the ACA member?

ACA WSO provides a sense of common purpose, stability, and continuity for meetings, Intergroups, and Regions. It encourages similarity in meetings, and program unity through affiliation and literature. The organization coordinates meeting information worldwide.

ACA WSO maintains a telephone line, and postal, Internet, and e-mail addresses as a stable communication base for the ACA program. ACA WSO committees prepare the literature for conference approval, prepare the monthly newsletter (the ComLine), and protect the copyright interests of the organization.

Information about the ACA program and services is sought by individuals, meetings and Intergroups, ACA Regions, as well as therapists, students, and authors. Individuals contact ACA WSO to find meetings in their area; to answers policy questions; to receive literature; to find general information; or to simply be heard.

ACA members benefit directly from WSO literature, newsletter information, recovery sharing, and the announcements of Conferences, Workshops, Dances, or the Annual Business Conference.

The Service Structure Committee

The 2016 Annual Business Conference was remarkable in that many service-oriented delegates remained active in WSO volunteer committee work after the conference ended.
One notable challenge: whether WSO’s current structure could adequately respond to the needs of a rapidly growing fellowship. The Board was interested in exploring innovations, in order to function efficiently amid this expansion – anticipating the challenges.

WSO Board created an ad hoc committee to analyze the existing ACA WSO service structure and to make recommendations of those organizational alterations which would best serve an expanding global membership.

**Mission:**
As an ad hoc committee of the ACA WSO, our mission is to identify projected needs of a dramatically increased membership; to study the current service structure of ACA; to identify gaps between current service and projected needs; and to recommend possible solutions.

**Approach:**
The Service Structure Committee has researched the service structures of other global fellowships in order to recommend how ACA might best organize its own service structure, to serve its growing fellowship, nationally and globally.

- **Objective 1:** Assess and summarize other 12 step organizations' service structures.
- **Objective 2:** Assess and summarize the ACA service structure.
- **Objective 3:** Perform a comparison of ACA service structure to the other 12 step fellowships' service structure and prepare recommendations to improve ACA's service structure.
- **Objective 4:** Prepare a report for the WSO Board outlining the findings and recommendations of the committee and deliver it to the board and the 2017 ABC.

**Findings and Recommendations**

1. **Ad Hoc Committee on Service Structure**
   **RECOMMENDATION 1:** Continuation of the Ad Hoc Committee which will continue to identify areas of possible adjustment within the organization, participate as members of work groups to define and create policy for areas of development, suggest methods of transition from current practice, and work on writing the policies and procedures that are developed.

2. **ABC Delegates**
   - **FINDING 1:** Most, but not all, 12 Step fellowships have significant structures in place for year-round delegate and other volunteer service.
   - **FINDING 2:** Year-round delegate service opportunities in ACA are comparatively limited, as there are no official delegate duties between conferences, no terms of service and no conference committees, all of which keep delegates in other fellowships involved.

   **RECOMMENDATION 2:** That the Service Structure Committee identify the most appropriate year-round service models in other fellowships, and make recommendations for consideration by the ACA fellowship, and eventual review and adoption by the WSO board and ABC.

Annual Reports - Page 66
3. Conference

- **FINDING 3**: As other 12 Step fellowships have come of age, most have given the Conference a prominent voice and authority in setting broad World Service policy.
- **FINDING 4**: ACA’s Conference does not play a role comparable to that in most 12 Step fellowships, and its shortcomings undermine the Conference’s ability to be a “voice” of ACA’s growing fellowship.

**RECOMMENDATION 3**: That the Service Structure Committee continue review other 12 Step fellowships and recommend tools that will clarify and affirm the ACA Conference’s role in guiding policy and supporting the world ACA fellowship’s continued growth.

4. Communication

- **FINDING 5**: Other fellowships have a variety of communication tools with the largest variety developed by the larger fellowships. Many of them have a separate publications for the spiritual side of their program and the business side of their fellowship.
- **FINDING 6**: ACA has a variety of communication and work tools available. There is a publication for the spiritual side of the program, but no formal publication besides the ABC Notes, that address the business side of the program or information that needs to go out quickly.

**RECOMMENDATION 4**: That the Service Structure Committee and other volunteers develop communication tools to address the business side of ACA for consideration by the ACA fellowship and eventual review and adoption by the WSO Board and ABC.

5. Foundational Documents

- **FINDING 7**: Other fellowships support World Service with detailed service documents that outline the purpose, role, and inter-relationships of all service entities.
- **FINDING 8**: ACA service documents could offer more support and clarity for the operation of a healthy service structure.

**RECOMMENDATION 5**: That the Service Structure Committee and other volunteers develop detailed service documents, such as a Conference Charter and a fellowship Service Manual, for consideration by the ACA fellowship, and eventual review and adoption by the WSO board and ABC.

6. International Fellowship
• FINDING 9: Other fellowships have a variety of ways of dealing with their International Fellowships. Some 12-Step groups are more involved with their International Fellowships than others.

• FINDING 10: ACA has included the International community in the Board of Trustees and has a committee dedicated to the International groups. This international committee is organizing country contacts at this time. ACA is working diligently to translate materials for non-English speaking groups. There is an internationally located ABC being planned for 2018.

RECOMMENDATION 6: That ACA continue to support the International Committee as it grows and develops organically.

7. Literature

• FINDING 11: Many fellowships have entities separate from the Board of Trustees to oversee the development and publishing of literature. This separates business from spiritual matters and lightens the Board of Trustees' work load.

• FINDING 12: ACA publishing operations are entirely managed by the Board of Trustees, imposing significant time and resource demands.

RECOMMENDATION 7: That the Service Structure Committee, working with ACA committees involved in publishing, review other models for publishing and creating literature and propose changes best suited to ACA needs.

8. Organizational Structure

• FINDING 13: Other fellowships have a service structure of geographical units to serve and give voice to their membership as well as to link their groups to the larger fellowship.

• FINDING 14: ACA recognizes regions and intergroups as links between the groups and the Board of Trustees.

RECOMMENDATION 8: That the Service Structure Committee and other volunteers develop a system of geographic units for consideration by the ACA fellowship, and eventual review and adoption by the WSO board and ABC.

9. Representation

• FINDING 15: Most fellowships permit significant direct engagement by regions and delegates in nominating and selecting some or all trustees, often with the help of a nominating committee to vet candidates’ qualifications.

• FINDING 16: ACA trustees play the primary role in choosing new trustees. Existing OPPM language permits regions to designate trustees.
RECOMMENDATION 9: That the Service Structure Committee develop and recommend measures to increase and define ACA fellowship involvement in selecting ACA trustees and delegates, for consideration by the ACA fellowship, and eventual review and adoption by the WSO board and ABC.

10. Service Opportunities

- FINDING 17: Many fellowships have a strong tradition of service that directly connects local groups to a larger network and infuses an ethic of carrying the message to those who still suffer.
- FINDING 18: ACA’s service ethic and opportunities are still developing. Too much of the fellowship’s service work is performed by the Board of Trustees itself, and those serving on board committees.

RECOMMENDATION 10: That ACA encourage all levels of the fellowship to stress the importance of service and foster a support system that strengthens individual and group service opportunities.

The Service Structure Committee thanks the Board of Trustees for the creation of this committee and its continuing support.

To the Partners
Vasquez & Company LLP

and the National Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Vasquez & Company LLP (the firm) applicable to non-SEC issuers in effect for the year ended December 31, 2015. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants. As a part of our peer review, we considered reviews by regulatory entities, if applicable, in determining the nature and extent of our procedures. The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review. The nature, objectives, scope, limitations of, and the procedures performed in a System Review are described in the standards at www.aicpa.org/prsummary.

As required by the standards, engagements selected for review included engagements performed under Government Auditing Standards and audits of employee benefit plans.

In our opinion, the system of quality control for the accounting and auditing practice of Vasquez & Company LLP applicable to non-SEC issuers in effect for the year ended December 31, 2015, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of pass, pass with deficiency(ies) or fail. Vasquez & Company LLP has received a peer review rating of pass.
A project to make a complete revision to the OPPM began in July 2014 because much of the language was outdated and unclear.

Presently, the Committee has Co-Chairs Ines Z., New York and Mary Jo L., Illinois. Former Board members Joan B., Iowa and Karen R., Tennessee were part of this Committee.

Statement of Purpose
To review and revise the OPPM to reflect current practices.

History and Process
- Last complete revision of OPPM in 2010
- Partial revision in 2012
- This is a complete revision based on the 2012 version.
  Because so much of the language was outdated, the Board decided in 2014 that a complete revision should be undertaken.
- Revisions are ongoing, based on motions brought before the Board and further changes made to the way the WSO operates
  Revisions to the OPPM should be ongoing as motions are passed that impact current language and changes are made to normal processes, e.g., moving from snail mail to email for normal correspondence.
- Portions of the revisions have been submitted to the Board for comment and further refinements made.
  No motions to reflect any proposed changes were passed due to requests for further refinements.

THE REVISIONS TO THE 2010 OPPM

The following is the work of the OPPM Committee, in efforts to update and clarify the language and descriptions of the manual contents.
Commitment to Service

I, _________________________________, agree to perform service in the capacity of a Trustee on the Board of the Adult Children of Alcoholics World Service Organization, Inc. (ACAWSO) for a period not to exceed the maximum allowed term of service. The term of office for this agreement shall commence with the first Annual Business Conference (ABC) after my election to the Board.

As a condition of election as a Trustee of the ACAWSO Board, I am familiar with and agree to comply with and be bound by all of the terms and provisions of the By-Laws, Operating Policy and Procedure Manual (OPPM), and the Twelve Concepts of Service of ACAWSO.

I recognize in this commitment that the true power of our Program rests in the ACA fellowship as expressed in our group conscience. I acknowledge that I am a trusted servant; I do not govern. I shall, to the best of my ability, abide by the word and spirit of the literature of the ACA program, and more specifically The Problem, The Solution, The Twelve Steps of ACA, The Twelve Traditions of ACA, and The Twelve Concepts of Service in ACA, in executing the duties entrusted to me by the fellowship and the ACAWSO Board of Trustees. I agree to continue to participate in ACA meetings and to work on my recovery program.

I am aware that the service structure of ACA is incorporated in the State of California as “Adult Children of Alcoholics World Service Organization, Inc. (ACAWSO)” as a Nonprofit Public Benefit Corporation, and I agree to fulfill and be bound by such laws as required by the State of California in the performance of my duties as a Trustee.

I will be also willing to surrender the position in which I serve and all materials entrusted to me in that position at the request of the ACAWSO Board of Trustees in order to promote unity, to provide an opportunity for others to give service, and to avoid problems of money, property and prestige.

2017 ANNUAL BUSINESS CONFERENCE

ADULT CHILDREN OF ALCOHOLICS® / DYSFUNCTIONAL FAMILIES WORLD SERVICE ORGANIZATION, INC.
A SHORT GUIDE
TO PARLIAMENTARY PROCEDURE

This information has been assembled due to frequent requests from members regarding the method of conducting business. However, it should be stressed that studying and utilizing the principles in ACA’s Twelve Steps, Twelve Traditions, and Twelve Concepts can provide the most useful guide to protocol. We use parliamentary procedure, when necessary, to ensure that courtesy is given to members, and to promote the orderly exchange of ideas. These procedures were developed to serve— not to stifle it. When we are at our best, we function almost entirely by using thoughtful consideration of our basic principles.

STEP BY STEP

1. MOTION
   a. An Area Service Committee recommendation is considered a seconded motion, and will be restated as such by the Committee Chairperson, after he/she presents the recommendation to the Area Assembly. (This is due to a recommendation that passes a committee already has more than one voting member who agrees with it)
   b. A motion can be made “from the floor” on any issue by any voting member of the Assembly when there is no other issue being considered.

2. A SECOND
   - This demonstrates that more than one voting member is in support of the motion

3. THE CHAIR STATES: “It has been moved and seconded that ...”.

4. DISCUSSION
   (also refer to THINGS THAT CAN HAPPEN TO A MOTION, below)
   a. If every comment is in favor of the motion, the Chair may ask, “Is it the sense of the meeting that this motion be adopted?” If there is no opposition, it can be recorded as a passed motion.
   b. A reasonable opportunity is given to all to speak on the motion, and then...
   c. Chair says: “There being no further discussion we will vote on ...”, and restates the motion.

5. VOTE
   a. The Chair asks first, “All in favor of the motion ...”, and then “all opposed ...”
   b. A two-thirds majority is required to adopt the motion.
6. MINORITY OPINION, MOTION TO RECONSIDER
   a. The Chair asks: “Does anyone in the minority wish to speak?” Only those who voted in the minority may speak at this time.
   b. Chair asks: “Do I hear a MOTION TO RECONSIDER?” Only someone who voted in the majority may make a motion to reconsider. If this motion is made, it must be seconded.

   I) The motion to reconsider is debatable. After reasonable debate, the Chair will ask for a vote. A simple majority, rather than a two-thirds majority decides this vote. If won ...
   II) Discussion on the Main Motion resumes (same rules as before).
   III) VOTE (same rules as before).
   IV) THERE IS NO MINORITY OPINION ON THE SECOND VOTE.

THINGS THAT CAN HAPPEN TO A MOTION:

1. A Motion can be seconded, debated, voted on, etc, as outlined above.

2. The following subsidiary motions can be made regarding it (all of these must be seconded, and require a two-thirds majority to carry):
   a. It can be **AMENDED**.
      The amendment is debated and voted on; then discussion of the original motion resumes.
   b. It can be **POSTPONED**.
      (tabled) either definitely (time or place stated), or indefinitely (basically, “killed”).
   c. It can be **REFERRED TO COMMITTEE**.
      either with or without additional assembly instructions.

3. At any time during the discussion, a motion can be made to **VOTE IMMEDIATELY** (“calling the question”). A second is required. This motion is not debatable. The Chair will immediately ask for a vote on the motion to “vote immediately”, and if adopted, the assembly votes immediately on the motion under consideration.
### Ballot Issue:
We propose that the following statement on "I Statements" be posted on the ACA website as a resource: “Why Using "I" Statements is So Important!”. When sharing with an individual or as part of a group, using “I” statements can make a big difference. An “I” statement is sharing in the first person, as opposed to using words such as “we,” “they,” “us,” and “you.” At first, it may seem like an insignificant detail, but using thirdperson statements is distancing and impersonal. It can even be an attempt to subconsciously control others or place responsibility outside of oneself. Example: “When you get abused, it hurts you.” Change this to: “When I got abused, it hurt me.” Sharing in the first person promotes selfresposibility by divulging information only about yourself. When you are tempted to use the generic “you,” “we,” etc., try to catch yourself and replace it with “I.” You will be surprised how different it feels and how much more you and others get out of your share. It may feel uncomfortable at first. That's because you are casting off your protective shield and revealing the real you. Remember: 1) An “I” statement exercises my selfcontrol. 2) “I” statements build my selfrespect while offering others a true opportunity to have a real relationship with me. 3) Struggling with “I” statements will often reveal the hidden aspects of the issues at hand. If you truly want to disclose your feelings so that you and others can learn more about YOU, use an “I” statement!

### Argument in Favor:
We find it a very helpful guideline for sharing. We have it available in Word.

### History/ Reasoning
Part of the intro readings for our group meetings.

### WSO Analysis
This offer of literature can be put into the Literature Approval Queue and it can also be put into the Best Practices section of the Website by the offering group.
We suggest changing the "you" statements within the statement to either "I" or "we" statements.

Very important

Recommend rewording to I statements instead of you statements.

This is something each group may consider for itself. Our group has a paragraph on cross-talk we read which has some of the same directions.

Just refer this to LitCom

Also, sometimes it is possible not to use pronoun words at all. Because, when using "I", it is used mainly by personal mind, by mind with 14 traits, mind who suffered and survived, so it contains all the conditioning brought by world, hence expresses it inevitably. Also there is real "I" hidden inside of ACA's, inner child. That's an individual "I", not of the world. Even feelings expressed by mind, could be different from feelings of inner child. Can't say exactly, but I guess it is written in Red Book. Also, in russian, in our meeting preamble, the "I" statement explanation already included.

An abbreviated version of this may be useful in the meeting leaders guide format

watch the codependence

Our group has not had enough time to review the Proposals and will require the next 2 months to review and vote accordingly at the ABC

It should not be forgotten that ACA is a "we" program.

Group believes adding the statement to the Best Practices section is sufficient.

close vote (only one vote apart)

Our group feels this puts added pressure on newcomers who may find it very hard to speak and we strongly urge this not be discussed or approved.

We feel the NO cross talk concept is so key to success in ACA and this proposal goes to that issue.

This is not a no vote. Only Proposal 5 was considered.

Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote

We may be acceptable as it is used in our steps, and other literature.
### Ballot Issue:
We propose that the Conference adapt or incorporate Tony A’s 12 Steps from his book THE LAUNDRY LIST as the conference approved steps.

### Argument in Favor
The steps conform more closely to the recovery needs of the adult child.

---

### History/Reasoning
A number of local meeting use these steps in lieu of the conference approved steps by group conscience because they resonate with the needs of our recovery uniquely with our traits.

### WSO Analysis
If approved this proposal will replace the existing Conference Approved ACA 12 Steps with Tony A’s version of the steps. Tony’s steps could be added to our literature as an alternative form of the steps, however our Traditions do not allow WSO to publish other author’s copyrighted work unless that author releases their copyright to the WSO. Tony A.’s 12 Steps were copyrighted by Tony and Dan F and appear in a book that was recently rereleased in a digital format. Tony A’s widow has been contacted and asked about permission to use them. She asked for some time to give a response.

- While Tony A's version may resonate more with Adult Children, replacing the approved version after 30 years may not be in the best interest of our program. There is the potential to alienate new members who are in another program.  
  - Very important
- The multiple requests about attempting to obtain permission to use Tony A's copyrighted material should be combined
- Group with prop #5 & 16. Discuss, but we do NOT endorse whole re-writing of ACA literature. Important to discuss why or why not use these, clarify what groups can do, and how, if at all, these fit into the ACA program of recovery.
- Seems that #5 and #16 are the same issue as #2. Each one does not have to be discussed individually. But having access to Tony's 12 Steps is highly recommended.  
  - There are redundant proposal involving Tony A's steps. We are voting "YES" on all of them.
- Replacing the Steps would undermine our identity as a 12 step, 12 Tradition fellowship.  
  - We only use Tony A's 12-steps at our meetings.
- We were concerned that evidently only 30 or 40 people attend the business meeting, and urge that incorporation or adoption of Tony's steps be discussed over the next year so that all groups can become more familiar with the differences from the current steps.
- Most importantly, getting Tony A's widow's permission to use the original ACA 12 steps
- Choosing to replace steps that thousands of travelers have worked, rather than asking to coexist, does not seem in keeping with Tony A's spirit of love or embracing a loving HP.  
  - All of our groups use these steps
- We want to see the Tony A steps offered as approved literature, but not as a replacement of the traditional steps.
- Our group favors the other ballot proposals (5, 16) where Tony A's steps would be *alongside* the current 12 steps (rather than replace)
- This violates tradition 6 and 12 since it is a published work available for sale by two authors; Some meetings are using these steps in place of ACAWSO conference approved steps, without a clear separation as per ACA literature guidelines, which is already threatening the aforementioned Traditions and Trad 4; Trad 10 could be threatened if this passes; This is an unnecessary distraction as the ACA steps, as are, have a proven history of effectiveness. We feel these steps undermine an important aspect of healthy re-parenting of oneself by making Step 4 an inventory of one's parents solely, which can be part of the problem and a barrier to ACA's stated Solution.  
  - flexible on how this is done
- Our group will require more time to review all the proposals so that we can form a consensus.
- Tony A's steps do not include an amends process, considered vital to 12 step work.  
  - See response on Proposal 5
- Question was presented with a bit of ambiguity. Our group would like Tony's included as an addition. Not an alternative.
- Agree strongly. We have started using Tony A's 12 Steps in our meeting and feel they are much more reflective of ACA principles and values than the current 12 Steps.  
  - Like the AA use of their Big Book, Tony's original adds weight and depth to our Program.
- This is SO important to the future and present of ACA. The AA 12 steps should NEVER have been put into our Big Red Book in the first place.
- Group is happy with the current 12 steps, would not like them to be replaced. However, would consider having these 12 steps additional supplement or side by side.  
  - We have always used Tony's Steps. This is the work we do.
- Our group has decided to read both versions aloud. Both 1st steps, then read the 2nd step. etc. So the individual can feel for themselves.

<td>An important part of the ACA solution is learning to re-parent ourselves. However, there is no workbook focused on this aspect of the solution alone. Some adult children, even after completing the 12 steps, don’t have a strong connection with their inner child and loving parent and need more support in this area. Gathering the many reparenting concepts woven through the BRB into one workbook will make it easier for adult children to locate and apply them. We envision a workbook of tools, activities and questions including: Questions that help us get to know the critical parent, inner child, teenager and loving parent better. Tools and exercises to help us better recognize and tend to these parts of ourselves. Activities and questions that help us access the inner child and unresolved grief. Having a workbook will make it easy for adult children to deepen their reparenting skills along with fellow travelers in groups, pairs, etc.</td>
<td>If approved the proposed literature concept would be a welcome addition to WSO’s Conference Approved literature and would be developed based on the availability of resources, e.g., volunteers, financial and staff time. The sample literature could be submitted to the Literature Review Subcommittee for initial evaluation to begin the process.</td>

- This is a brilliant idea that fills a major void in our program. The BRB states how important it is to our recovery, yet it gives no direction on how to make that shift happen in one's life.
- We would work this workbook.
- Very important
- Yes!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
- Excellent suggestion. Endorsed 100% of our group
- We should gather written shares about this like we did for Strengthening My Recovery.
- We think it's a great idea.
- Including material on the developmental tasks at each age would be helpful to have to map against our trauma inventory
- We feel any workbook should be concise and have a consistent approach. Existing workbooks are quite large, and newer members already have a huge amount of material to digest.
- Yes, important to address this gap.
- Many ACA's are still unclear about how to distinguish between the Critical Parent, Nurturing, Parent and Inner-Child based on our literature as is. This could provide a clarifying empowering tool which is a central distinction between the hope ACA offers and any other 12 Step program..
- Our group will require more time to review the proposals in order to form a consensus.
- We are concerned that adding more workbooks would keep people from reading the Big Red Book, which is already happening.
- Excellent idea!
- unanimous vote
- Looking forward to my copy!
- This is not a no vote. Only Proposal 5 was considered.
- Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote
- Would like additional information and workbooks to help in learning to become your own loving parent.
- When minority spoke, felt there were already a lot of books on the subject; that we were reinventing the wheel.
- We have one in progress
**Ballot Issue:**

We propose that the WSO revise BRB Chapter 11 and the sponsorship pamphlet for clarity and consistency. The word “sponsor” is used throughout the chapter and elsewhere in the BRB. However, under direct sponsorship, instead of “sponsor” the word “Fellow Traveler” is used. This leads to confusion. We believe you recommend that all sponsors follow the Fellow Traveler method, meaning both are on equal footing. This method tries to prevent the sponsee from becoming triggered, in believing the sponsor is an authority figure. We recommend:

1. Defining, at the chapter start, that anyone on the ACA path of recovery, regardless of their time and progress in the program, is a fellow traveler.
2. Defining, at the chapter start, that not all Fellow Travelers can be sponsors, as per the requirements outlined in the BRB. (See #3.) 3. Changing “Fellow Traveler” to “Sponsor” under the heading “Direct Sponsorship.” 4. Clarifying that the “Fellow Traveler” method supports a relationship in which sponsor and sponsee are on equal footing, rather than in teacherstudent roles. 5. Clarify the requirements of a sponsor (the type referred to as “traditional” in the pamphlet and “fellow traveler in BRB). From the WSO website: “A sponsor is someone who attends ACA meetings regularly and who has worked the ACA Twelve Steps. The person has made progress in recovering from the effects of growing up in a dysfunctional home.” Not all Fellow Travelers meet this requirement. We need clarification in chapter 11 about this and consistency between the website and pamphlet. 6. Adding that one of the supports a sponsor provides is to help the sponsee connect with their loving parent and inner child.

**Argument in Favor**

Clarifying the terms fellow traveler and sponsor would support both sponsors and sponsees to be on the same page and reduce confusion. Our group encourages members to contact fellow travelers who can be there if they don’t have a sponsor, when their sponsor is unavailable and in addition to their sponsor.

**History/ Reasoning**

The way “fellow traveler” and “sponsor” are referred to in chapter 11 lacks clarity, leading some members to equate fellow traveler with sponsor. The pamphlet and the BRB appear to use the terms Fellow Traveler and sponsor to be one and the same. It is a fact that all sponsors are Fellow Travelers but not all Fellow Travelers meet the requirements to be a sponsor. We’ve had differing interpretations of this at our business meeting and would like to be on the same page. Also, in two places in chapter 11, the phrase, “fellow traveler or cosponsor” makes it sound like a fellow traveler is a cosponsor. This statement is referring to two different types of sponsorship, not one. The sponsorship pamphlet uses “traditional” whereas the BRB uses “fellow traveler.” We need consistency.

**WSO Analysis**

The Board agrees with the need to clarify this terminology. The Literature Committee could add it to the Literature Review queue and revise current documentation as time and resources allow. Revision of the two Sponsorship/Fellow Traveler tri-folds could be first on the list. Once we have the language in those documents approved by the Conference, we can prepare the changes for the BRB. A Second Edition of the BRB is being planned and the suggested clarifications can be added to that much larger long-term project that will take a great deal of effort and resources.
Consistency is vital!
My group only talks in terms of "fellow traveler."
Important
Include this in BRB revision and in pamphlets
We felt this would be an important clarification.
There is confusion with how to implement this uniquely wonderful model of ACA sponsorship. Clarification could encourage more ACA's to become Sponsors and Sponsees, which is a current problem, as well as one since ACA's beginning, that may have jeopardized ACA as a whole in the past.
editing function
Our group will require more time to review to proposals in order to form a consensus.
Please clarify, this proposal is difficult to understand as it is written.
When person who I considered to be my sponsor committed suicide, I discovered he had been just a fellow traveler. I had suspected this all along, but he had been unaware of the distinction.
There is a lot of confusion about sponsorship. In the San Francisco Bay area of California it is nearly impossible to even find a person willing to be a sponsor...even though entire conferences have been designed to address this issue.
This is not a no vote. Only Proposal 5 was considered.
Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote
Group agreed sometimes current wording can be confusing for newcomers, clarification would be helpful.
unanimous approval
Keep it simple.
Our group had just read the pamphlet together the previous week and had almost universally felt at the time that it was confusing and mostly non-helpful.... Clarification seems very much needed....
Proposal 2017-5 Revised

Ballot Issue:

We propose that the WSO of ACA, and the Fellowship of ACA, “go to any lengths” to adopt the 12 Steps of Tony A. We request that Tony A.’s 12 Steps be printed in our ACA literature and texts, side-by-side with the already adapted 12 Steps from AA.

History/ Reasoning

The 12 Steps of Bill W. and Dr. Bob have saved millions of lives from addictions and co-dependency. Many support group members owe their lives and sanity to the wisdom contained in those steps. We also believe that Tony A.’s 12 Steps are no less spiritually inspired when it comes to the maladies suffered by Adult Children. ACA members have used the 12 Steps of AA. However, their journey involves seeking relief from the effects of familial alcoholism and dysfunction, manifesting itself in what “The Identity Papers” of ACA describe as multi-generational unprocessed grief and PTSD. The complex PTSD from relationship trauma and compounded grief that many of us carry inside our hearts, bodies and souls drove us to the brink of relapse with our addictions, or to substitute new addictions to numb pain too great to endure. If we were lucky enough, we found our way to ACA meetings, and hopefully, a new stage of recovery. From our personal experience, we have come to believe that Tony A.’s 12 Steps as written in his book with Dan F., ’The Laundry List’, are spiritually and therapeutically sound and essential in the quest for a broader and deeper recovery.

Argument in Favor

The AA 12 Steps have lead many of us from our addictions into sobriety/recovery, but many of us found we needed more. We heard the phrase “Emotional Sobriety” first mentioned by Bill W. in the AA Grapevine article in 1957, “Emotional Sobriety: The Next Frontier”. The term “Emotional Sobriety” was later echoed by Ernie Larsen in his publication of “Stage II Recovery”, and more recently, by Tian Dayton in her book “Emotional Sobriety”. Tony A.’s 12 Steps supply “The Solution” for Adult Children that seems to be missing in other 12 Step programs. Experiencing a void, many of us “Came To” in ACA. Tony A.’s 12 Steps are the Steps that heal us beyond the partial recovery many Adult Children experience with AA’s 12 Steps, those adopted by ACA. We believe there is great wisdom and healing in “being brought to clarity, doing a non-judgmental inventory of our parents, sharing the nature of our childhood abandonment, seeking the unconditional love of our Higher Power, and loving ourselves unconditionally” as mentioned in Tony A.’s 12 Steps. Tony A. stated in “The Laundry List” that he would have had a very limited and narrow recovery without practicing these concepts. There are those among us who now strongly agree with that statement. Going forward in time from Bill W.’s article “Emotional Sobriety: The Next Frontier”, we now believe that Tony A.’s 12 Steps provide the guidelines of how to achieve what Bill W. was reaching for all along: Emotional Sobriety.

If approved this proposal will allow WSO to try to obtain permission to add Tony A's version of the steps in ACA Conference approved literature, but not replace the existing ACA Steps. Tony’s steps could be added to our literature as an alternative form of the steps. Our Traditions do not allow WSO to publish the copyrighted work of another author unless that author releases their copyright to the WSO. Tony A.’s 12 Steps were copyrighted by Tony and Dan F. and appear in a book that was recently rereleased in a digital format. Tony A’s widow has been contacted and asked about permission to use them. She asked for some time to speak with others before giving a respons
• This was our group's most controversial question. Some people voted no, but majority voted was yes.
• Group with prop #2 & 16. Discuss, but we do NOT endorse whole re-writing of ACA literature. Important to discuss why or why not use these, clarify what groups can do, and how, if at all, these fit into the ACA program of recovery.
• Appears to be same as #2 & #16. Only one needs to be discussed by ABC. Putting the "adult" back into Adult Children.
• Under our open literature policy groups may use outside materials as they see fit. This assert (copyright) and any income it may generate are the property of the widow, not the fellowship. Important We have always used Tony's Steps. This is the work we do.
• Except to what lengths? Depending on the cost of gaining rights to use the materials, it might not be worth it. There's another proposal to make these steps conference approved, which made sense to us.
• Most important is Tony A.'s widow's permission to use the original ACA 12 steps These are the bonified 12 steps
• Many travelers used Tony A's steps while his book was economically available in print. Now it's extraordinarily difficult to practice or to make these steps available without WSO support. Reservations about the phrase "any lengths"
• we feel strongly that copyright issues be resolved within the boundaries of our Traditions, and are additionally uncomfortable with the language "go to any lengths," but love the language of Tony's Steps.
• Refer to comments in ballot measure 2. flexible on how this is done
• Should we bankrupt ACA taking this issue to the Supreme Court? This is written way too broadly. And Tony's Steps don't have an amends process
• Side by side is recommended, if permission to print them is granted.
• Group comments: They are good food for thought, but they are too much of a departure from what already works; Why would we vote to adopt something when we don't even know if we an have them - aren't we putting the cart before the horse; would rather make some slight changes to the ACA Steps than change completely If we allowed to use the Tony A 12 steps, then would recommend discussion.
• We feel the phrase "go to any lengths" is alarming especially in regard to Tony A's widow. However, we are very much in favor of adopting Tony A's 12 Steps as the official 12 Steps of ACA
• Adopting the Tony A 12 steps is the Single Most Important work for ACA at this time.
• Group is happy with the current 12 steps, would not like them to be replaced. However, would consider having these 12 steps additional supplement or side by side. substantial unanimity
• Negative ramifications as being a 12-Step program if current Steps compromised; alienation potential members
• We would like to include Tony's steps as part of our history - not to confuse and complicate our current steps.
**Ballot Issue:**

We propose that WSO creates a Directory page on the website listing the names and public contact information of the WSO Board OF TRUSTEE Members and their job descriptions. The list would also include the names of all the existing committees, who are the chairs for the committees and who are on the committees and their public contact information. The list should also include the description of the special worker jobs, who holds the jobs and their public contact information. The list should also include all of the other ways to contact WSO, that is, general phone numbers and general email addresses. We are not asking for personal email information or personal phone numbers. We are asking for transparency and a more personal approach putting a name to a job.

**Argument in Favor:**

Having a list would make it easier for persons to find who is doing what and how to contact them. Right now only some of this information is scattered on the website and it is very difficult to sift through it all to find a contact person for a particular issue. Transparency is good.

**History/Reasoning:**

No directory exists and there is difficulty finding correct persons to contact on particular issues.

**WSO Analysis:**

The WSO publishes an organizational chart here http://www.repository.adultchildren.org/wso-organizational-charts and has a "contact us" form on the website. We can look at ways of adding additional anonymous contact info, but having any Board member’s personal name visible to the public online would be a violation of the anonymity principle in Tradition 11, the same as it is for any other member of ACA.

- Protect Anonymity and be more transparent!  
  - A contact person for the above would suffice, although the WSO may not have the resources.
- Anonymity must be protected, although the information in the organizational charts should be listed (not flow chart) in a more prominent area of the adultchildren.org, NOT buried in the repository. Committee names are there, but no explanation of what the various committees are actually responsible for. Transparency will give people a better understanding of what the WSO is and how it works. There is the potential for more be people to want to be of Service on the WSO level if it wasn't such a mystery.
- The website currently has contact info by office. That preserves anonymity while providing appropriate access. Additionally, it provides long-term consistency - we don't have to update contact info when positions rotate, etc.
- Although there has been much improvement in this area, we need to do more to improve communication.  
  - Good idea
- We support discussion of this topic but agree that anonymity is critical to our program. However, many of us expressed frustration at communicating with WSO (and in fact our group has e-mailed and written a letter for advise without a response to date). Make contact tabs available on every page.
- Please include first name and last initials only. Only BOTs should be completely identified, and then only on legal docs, not the website.
- Important to discuss the issue(s), whatever the outcome.  
  - 12th tradition says — anonymity is at most priority
- We do not want to discourage service nor jeopardize Tradition 11 anonymity.
- No one's anonymity should be broken, in keeping with Tradition 11.
- It is not difficult to get to the Repository where the agendas are posted, which gives the names of board and committee members. Other access to emails is given in the Contact Us list, that should be sufficient.  
  - close vote (only one vote apart)
- Our group also proposes that the website needs a lot of work...there is no responsiveness in it...We have written to you several times and never received an answer.
- Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote
- Many of our group members were surprised this was not out there yet. This really needs to be listed.  
  - unanimous against
- Already contact information for committees directly and indirectly through office; tremendous efforts would need to be made to keep this current; invasive and in violation of anonymity  
  - The group didn't feel especially strongly on this one, though was in favor....
- Would violate anonymity.  
  - Job Descriptions and Title Only No Personal Contact Info.
- Anonymity is key to this group, naming people in these roles may make it harder to fill the positions
- If it can be done while maintaining anonymity.  
  - Anonymity. AA World Service do not publish personal contact of any officers.
2017 ABC Ballot Proposals  Submitted by TEL210, IG616, & TEL282

Ballot Issue:
We propose that so that more groups could participate through the delegate voting system we propose that delegates be allowed vote on proposals, brought to the ABC, using electronic methods (Survey Monkey), in advance of the ABC. An adjustment would need to be made in the final round of nomination procedure so that this can happen. The exact method of adjustment would need to be determined. There will be no change regarding delegates who want to travel to ABC meeting to vote.

Argument in Favor
Allowing delegates to vote in advance of the ABC using electronic methods makes it possible to get a broader participation by all groups. Making this voting step available to those who financially or physically cannot travel to ABC locations to vote would be more inclusive of the general fellowship ideas and suggestions. Survey Monkey is now used for the first 2 rounds and authentication is not an issue. So there should not be any issue of authentication or abuse in any additional rounds using Survey Monkey.

History/ Reasoning
Out of the 1600 meeting numbers less than 30 Delegates go to the ABC. This is a small representation of groups. Many persons do not attend the ABC because of financial or physical limitations and the fellowship at large is not represented in the voting process.

WSO Analysis
All groups are encouraged to vote on the proposals before they become an ABC ballot item so we get a consensus of the groups conscience during that part of the process. Proposals that receive the required 2/3 majority then become ballot items to be voted on at the ABC. These ballot items are each discussed openly at the ABC and then after differing viewpoints are heard a vote is taken. Voting on the ballot items prior to the ABC would not allow for the inclusion of any new information that wasn’t previously known before the ABC. The ballot item could therefore be decided by the prior votes that might no longer make sense because the number of pre-votes cast by reps prior to the ABC could outweigh the delegates voting in person at the ABC.

NOT PASSED
Not everyone that would want to attend the ABC in person is able to. The voting system needs to be overhauled to allow more program members/individual meetings the opportunity to hear the discussion and have their vote count. The issue is valid and needs to be addressed, although the proposal is flawed because voting prior to the discussion at the ABC is a bad idea.

Ease of access is important

WSO analysis missed the mark. While the wording of the proposal is a little fuzzy, the argument in favor is clear. Once the list of ballot proposals accepted for discussion is determined, groups should be able to vote in absentia. Obviously, they would not have the benefit of the discussion at the ABC.

WSO should explain the impact of electronic methods on attendance (in person) versus participation (remote and on-site) with the ABC.

This is not practical with our current structure, It is not feasible for large numbers of delegates to participate in a discussion and make any resulting motions remotely.

We felt this should be discussed but appreciated the WSO analysis and caveats.

Voting should not occur before full discussion. There are other ways to involve tele-delegates.

Important to discuss the issue(s), whatever the outcome. While electronic voting / remote participation sounds like could be a positive (esp with cost of airfare/hotel), do see challenges with *advance* voting. Maybe these could be split -- option to participate *in real-time* remotely?

We support great efforts be made to ensure inclusivity in a manner which reflects the the group conscience on ballot measures with all necessary and current information as it actually stands at the time of vote so that there would be no false group conscious vote based semi informed factions.

Would it be possible to hold some type of online meeting so those who cannot attend in person can participate in line. It would cost over a thousand dollars for our group to send a representative and we can barely pay our weekly rent.

A second round of Survey Monkey votes after the meeting would satisfy the WSO objections. Each ACA group should have one vote in this process.

We find the possibility to vote electronically interesting, but not beforehand. But if it would be possible to attend the actual ABC electronically the votes could be cast in that format.

This is not a no vote. Only Proposal 5 was considered.

Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote

Unanimously against

Meetings already vote on this forum; this gives individuals equal status as entire meetings to voice their individual opinions nullifying an entire group if the "delegate" disagrees with his/her fellows

Group discussion is too important to the process to be skipped or skimped on.

The pre ballot postal vote by survey monkey, but the delegate vote be in person with discussion to allow the process.

There is a need to listen to discussions. A teleconference would be a good way to include more people in the discussions and in voting.

The Board also has an open-door policy that allows groups to raise concerns at any time at the end of our monthly teleconference board meetings. PROPOSAL 8

- With ADVANCE notification sufficient for all meeting members to receive.
- Discuss; however, we like the idea of a subcommittee vice a new committee.
- We would like these meetings to make their case at the ABC and be subject to questions about specifically what they need in support. A subcommittee might be appropriate.
- While we care about the concerns of the individuals supporting Virtual meetings and the special knowledge they have regarding the unique challenges of those formats, we do not think creating a Service Board Trustee is the manner in which to address these concerns. But we do believe the issues themselves have merit.
- Does not address
- We agree with the WSO analysis.
- There are already sufficient means of contacting the Board. Also, volunteers are hard to come by, even from Telephone groups.
- This is not a no vote. Only Proposal 5 was considered.
- Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote unanimously against. although the proposal may have been providing examples, a gentle reminder regarding "sanctions" when I am mindful of concept 12 I make better endeavors that no action should be personally punitive.
- Telephone meetings are free to meet however they like; focus here seems to be to have power on the WSO Board. Telephone meetings can affiliate with their IGs and Regions.
- Group conscience is too important to delegate up and away from the membership level.
- This falls under Region IG before the wso board.
- Recommend creating a Task Force to listen. Create a better, more open line of communication between WSO and Telephone Meetings.
Proposal 2017-9

2017 ABC Ballot Proposals

Submitted by IG076

Ballot Issue:
We propose that when Regions register with WSO, the Board of Trustees promptly (within 30 days) seat the duly elected Region Representatives as full members of the Board in accordance with the maximum number of Trustees set by the ACA foundational documents.

Argument in Favor
We need to uphold the ACA foundational documents so the WSO Board makeup fairly and equitably represents the fellowship. Right now the six current WSO Board Trustees, at most, represent 6 out of the approximately 62 Intergroups in our worldwide fellowship. Many volunteers on WSO committees are dedicating vast amounts of time into the work, but none are allowed to speak to or vote on agenda items during Board discussions at the monthly Board meetings. Meetings usually send a representative to their intergroup. Intergroups send a representative to their region. Regions send a representative to the WSO Board to be their voice for the fellowship. That was the way our service structure was designed to operate so that the WSO Board can effectively enact the conscience of our fellowship as expressed in the outcome of the ballots of delegates at our Annual Business Conferences. Seating region representatives on the WSO Board reflects that we are evolving and growing as a 12Step program just as we are as individuals in our own recovery. This practice is common among most other major 12 step fellowships as it considers all group consciences instead of just a select few.

History/ Reasoning
It has been the custom of ACA WSO Boards to welcome Region Representatives to the WSO Board as full Trustees since the Region Representatives directly represented a much larger group conscience of the fellowship than either Intergroup representatives or individual volunteers serving on the WSO Board.

WSO Analysis
Proposed Change: The Operating Policy and Procedure Manual (OPPM) is being revised by the WSO to address the ambiguity about the sitting of region reps on the Board of trustees. The Service Structure ad hoc committee is evaluating 9 other 12 Step programs to see what changes might be recommended for ACA to the WSO Board. Their work and the work of the Board is intended to help establish a clear framework for providing a representative body of Board members.
PROPOSAL 9

- Important
- Not enough information provided, especially given the on-going study of other 12 Step groups.
- Continue revision of OPPM and include this as one of the issues to be resolved. "30 day" limit for inclusion should be negotiable
- This issue cannot wait until the OPPM is revised, or the service structure updated. We could use some clarity about the parameters of a region.
- One concern expressed in our group is that people could artificially generate regions to seat a majority of board members and execute a hostile takeover.
- We support ACAWSO in it's efforts to continue to be an effective organization through their Proposed Change.
- Premature proposal. The number of trustees has not been established yet. If approved, time would have way too many trustees on the board.
- A limited board helps avoid conflict. Voting from the Fellowship is binding on the board, but forcing new members onto the board can be more like a grenade.
- This is not a no vote. Only Proposal 5 was considered.
- Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote
- unanimous approval
- Meetings form service Board called Intergroup directly responsible to them; IGs form service board called Region responsible to them; Regions form service board named WSO directly responsible to those they serve.
- WSO is already working on this.
## Proposal 2017-10

### Ballot Issue:
We propose that the reference to prescription medication in the Big Red Book Chapter 1, page 13 be made more clear because genuine prescription medication use for both mental and physical conditions is often necessary. Therefore, the text would say in future editions: "we refrain from all prescription medication misuse" rather than "we refrain from all prescription medication use."

### Argument in Favor
We recommend that "and prescription medication" be removed from the sentence in p.13 of the BRB and anywhere else its sentiment is expressed in ACA official literature.

### History/ Reasoning
Bipolar and schizophrenia, depression and anxiety, all have aspects where prescription medications – while often over prescribed can be lifesaving. Also insulin, blood thinners or other medications for chronic physical conditions are prescription medications and so page 13’s statement can be misinterpreted. AA does not officially make anti prescription edicts and has even had to blatantly state this because of old timers telling newcomers that prescription meds = insobriety. We feel that the inclusion of prescription drugs, especially when not even referring to psychiatric medication but actually to all prescription meds in this statement on p.13 is dangerous, life threatening and alienating from a program that formally acknowledges members’ mental illness experiences in a way no other twelve step program does.

### WSO Analysis
A Second Edition the BRB is being planned and if approved by the fellowship at the ABC, the suggested language can be added to that much larger project. This is a long-term project that will take a great deal of effort and resources.

- Very important
- Combine with props #11 & 12 for discussion
- Similar in intent to #11 & #12, Include this in the recommendations for 2nd edition of BRB and pamphlets as needed
- A revision of such language is most appropriate. The LitCom should consult a Professional Advisory Committee (OPPM p.16) about any updates.
- There were several comments by individuals who take prescribed medications and feel "less than" when reading the current text in the BRB.
- This is a very serious issue and needs action now rather than later. Could appropriate language be added to the website and distributed to new and existing groups?
- WSO has no right to judge members' medical needs, and addressing misuse is morally grounded.
- Some members have felt confusion and even left ACA over this issue. They have questioned whether ACA is a program which they qualify to be a part of if they take medication prescribed by a doctor. Some members believe they should stop taking medication (even if a doctor has prescribed it), otherwise they are not in recovery. Clarification between the distinction between use and misuse could eliminate this confusion and allow all ACA’s to feel they are legitimate members of ACA in recovery while they are taking medicine prescribed by a doctor. This also fosters the spirit of inclusion forged during ACA’s growing period which included anyone from other types of dysfunctional family systems.
- We vote for this proposal but reject the argument in favor, which is something different from what is contained in the proposal itself.
- Misuse is the problem and "mis" should be added to all mention of prescription medicines. We should not undermine legitimate prescription use.
- Unanimous vote
- How enlightening to discover a member who took up too much meeting time without finding solutions was taking prescription medication! We like the text as written. Those taking meds will continue to do so, but the text should not help keep them sick. We offer recovery, not just braces and crutches. Hope this helps.
- The entire use and prescription of anti depressants needs to be written about more clearly. Many suffer both on and off of medication and there seems little actual help in the medical community. Many are wrongly diagnosed etc.
- Unanimous approval
- Great suggestion for committee revising BRB to consider
- "Misuse" should be mentioned right up front.
- We are in passionate agreement about these changes!
**Proposal 2017-11**

**Ballot Issue:**
We propose that this additional sentence should be added directly after the sentence in the previous proposal: "We also recommend that the adult child guards against the misuse of any other substances or processes to self soothe the pain of a dysfunctional childhood (eg, work, food, gambling, sex, relationships, shopping, internet use, exercise.)"

- Very important
- Combine with props #10 & 12 for discussion
- Better to use terms of affirmation (do this) rather than negation (don't due this). The former leaves a void.
- Similar in intent to #10 & #12, recommend this be included in recommendations for 2nd ed BRB and pamphlets as needed
- A revision of such language is most appropriate. The LitCom should consult a Professional Advisory Committee (OPPM p.16) about any updates.
- Our group agreed with the recommendation to guard against the misuse of other substances or processes (like work, food, shopping, etc.).
- We agree with the spirit of this ballot measure, even if the wording were slightly different based on group conscience.
- We vote for this proposal but reject the argument in favor, which is something different from what is contained in the proposal itself.
- We feel that this is not the appropriate page or section to make this addition. The other activities are mentioned elsewhere in the BRB in later chapters. We feel that the focus here, this early in the book, should be on substances that alter the mind or state of consciousness. Additionally, we feel that making this change may be too overwhelming to hit the newcomer on pg. 13 of the BRB.
- This should be adopted for clarity and for emphasis.
- unanimous vote
- There are too many copies of the original out there to change the text with revisions, which smacks of control issues and manipulation, lessening our credibility. Your personal recovery plan is your own affair, but some of us follow the Thomas Szasz model asking us not to place the cart before the horse. Propping up "mental illness" as an unmoveable feast hinders the certain promise of the complete recovery we offer. We don't get to ACA because we're well, yet we demand real recovery, not temporary relief. Please know that the process takes time, and continues for a lifetime. Submission of this question shows a certain somebody's quest for validation, but changing the text is not your solution. We cannot become flying monkeys here. We're nutty enough as it is without going about changing the text.
- All aca groups have members discussing this problem at meeting and we need guidance from our big book
- unanimous approval
- Great suggestion for committee revising BRB to consider
## Proposal 2017-12

### Ballot Issue:
We propose that antiprescription medication use comments, rather than a misuse of prescription medication comments, be removed anywhere the sentiment is expressed in ACA/DF official literature or amended to make it clear that misuse is the issue.

- Our group had a great many concerns that multiple perspectives of ACAs be included, including but not limited to: a) The perspective of those for whom a "mental illness" framework is useful, and who may or may not use meds or not use meds as part of emotional sobriety, and b) The perspective of those for whom "mental illness" is not a useful framework, and/or that framework may have been used to oppress, injure, abuse and / or otherwise harm us, AND for whom meds may or may not be a part of emotional sobriety. For these ACAs, "mental illness" narratives and meds have been used against an individual as part of abuse and harm, sometimes systematically. c) those of us who are survivors of psychiatric abuse d) those of us for whom psychiatry and such services are useful parts of healing All of these perspectives, and more, are real and important. We do not see them as mutually exclusive. However, due to the abuse suffered by some of us at the hands of systems and institutions organized as "mental health systems" and "mental health practitioners", we have a real concern about the framing of this question, regardless of our personal histories with medications of various types. We, as a group, approve of inclusion, and support anyone using anything that is helpful to their healing and well being. However, many of us are concerned about the underlying framework / perspective of this ballot question. In particular, we are concerned about the narrative of "mental illness" being assumed - for many of us, this is not reality, and this narrative is part of what has harmed us. This is why a "no" vote was cast.

- Similar in intent to #10 and #11 recommend this be considered for BRB 2nd edition and pamphlets as applicable.

- A revision of such language is most appropriate. The LitCom should consult a Professional Advisory Committee (OPPM p.16) about any updates.

- Refer to comments in Ballot Measure 10. We agree with the importance of consistency and clarity throughout ACA literature regarding a distinction between use and misuse of any substance. Combine with props #10 & 11 for discussion

- We reject this proposal and reject the argument in favor, which is something different from what is contained in the proposal itself.

- We feel that the language as presently used is understandable and does not imply that users of prescription medication abuse or misuse. We feel that to make the proposed change would be excessive and confusing.

- There's a difference between an inner child and mere childishness. This issue is cloaked with a desire to "help others," but belies the intent of the person putting forth the question, and that is validation of their addiction to being "mentally ill." Believe me, insanity is the close companion of all those attending 12-Step programs, but our pain and fear and anger are our best friends, because without them we would not do the grief-work and fear-purge that brings such relief. Hot tears of gratitude have come to me as I type this. Keep talking about this issue on your own time, but please don’t alter the Red Book or it will water down the whole Fellowship. This is a personal matter, not an issue requiring others to weigh in with a vote. That's triangulation, and is not helpful in asking us to participate by "taking sides." We really don't want to have to revisit that power-play insanity from our childhoods. My father died last month, and the siblings and extended family are all lining up with stunning (yet predictable) power plays. Who was the favored offspring? Oh, that was me! But I stayed home from the memorial to chop wood and shovel snow, and to discuss with the members of my group these ballot proposals. Thank you, thank you, San Diego ACA!! Loved attending your 2007 Convention. It was the penultimate weekend of my life thus far.

- wording on this was a challenge to understand even with the book and a person from the ballot prep committee present during voting.

- This would be an important clarification.
- Very important
- While we approve for discussion, it is to ensure the W&D Committee do this. Much needed on the website now. It will be nice if this is done by the time we get to S.D. so we don't even have to discuss it!
- As Utah has no "closed" meetings, it would be useful to define what that means in the Find a Meeting website page.
- It seems appropriate for public meeting list..
- see WSO analysis
- Most 12 step groups provide references to the meaning of this in footnotes. It would be a simple addition to add a sentence or footnote wherever this is discussed.
- WSO Analysis puts forward the solution in this ballot.
- unanimous vote
- This is not a no vote. Only Proposal 5 was considered.
- Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote
- Our group agreed this could be confusing if not explained, especially for newcomers.
- unanimous approval
- Always confusing; needs explanation in meeting directories
- Do away with the term "closed" - it puts off newcomers.
- Nobody in our group really even understood what closed means, or why we use the term at all, so again, this seems to very much need clarification.
- anyone not knowing what closed means needs to go to 90 meetings in 90 days
## Proposal 2017-14

### 2017 ABC Ballot Proposals

**Ballot Issue:**
We propose that all vetted ballot proposals for the annual ACA ABC, that are voted on prior to the meeting, be admitted to the agenda by a favorable vote of 50% by all voting groups (as opposed to the 2/3 demanded now).

**Argument in Favor**
ACA is at heart a bottomuporganization. All voices count. Access to the annual agenda and subsequent decisionmaking process (and open discussion of relevant issues for the community) should be encouraged by making the process simple and access easy. Minorityvoices should be heard and different opinions debated; 2/3 majority is a very high limit to set on proposals, potentially blocking many proposals of significant value to the community and its sense of inclusion and belonging. If 50% of the participating community wants to discuss an issue or proposal, it should be more than enough (in regular meetings all proposals are welcome). The road from idea to agenda, as it is, is too long and too difficult. This proposal seeks to alleviate this.

**WSO Analysis**
The 2016 ABC was the first in recent memory where none of the proposals became ballot items. The Board feels that one reason this happened is that the language that explains the proposal voting process may be unclear. Even with some changes to the language, many groups still think they are casting a vote for or against the proposal when in fact they are being asked to vote whether the proposal has enough merit to be discussed at the ABC. The ABC Committee has tried this year to further improve the language to help groups understand what they’re being asked. Regarding the requirement for a 2/3rds affirmative vote to become a ballot item, requiring this substantial unanimity ensures that the ABC only takes up business that the groups approve by substantial unanimity.

**History/ Reasoning**
Very few ballot proposals actually reach the annual ACA ABC. Many are vetted for good reasons, but for those that are relevant, it seems to be an extraordinary large amount to demand 2/3 of the votes cast just to reach the agenda.

**NOT PASSED**
The current voting system needs to be overhauled to allow more meetings and Intergroups the ability to vote. This proposal may not be the correct way to go in order to accomplish that.

51% would be a better number as it is a majority.

The current 2/3ds requirement is only a benefit if we were faced with 40-50 ballot proposals.

Part of a larger discussion about group participation.

We appreciated the additional clarity given for the 2017 ballot proposals.

Important to discuss the issue(s), whatever the outcome.

We would like clarification as to whether there needs to be 2/3rds of all registered groups or just those voting. We are not clear as to the reason for the difficulty obtaining votes. Clarification could change our decision. The issue being; are all ACA groups having the ability to have a say in the voting process, are there barriers which could improve access?

Although majority of our group members voted YES to include this proposal on the 2017 ABC agenda, one member abstained due to belief that the current rule of 2/3 of voting groups should vote favorably to place an item on the agenda - the current rule should remain in place, and it should not be amended to 50% of voting groups approval.

Current practice is too limiting.

50% is not sufficient.

Corporate law follows the model of there being a simple majority for shareholders (over 50%) and a 2/3 majority for the board. This seems to work best.

This is not a no vote. Only Proposal 5 was considered.

Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote.

Most of group agreed that 50% vote or more should be considered, however one member stated that felt majority vote should prevail.

Unanimous against. not in keeping with concept 12 that matters whenever possible shall be agreed to by substantial unanimity.

Temporary fix; originally, vote was yes or no for ballot items. With the addition of "no opinion" option in recent years, seldom, if ever, will ANY ballot item pass. This inclusion effectively nullifies ANY opinion of the fellowship, so the WSO Board is free to do whatever it wants without the pesky interference of the opinion of the entire ACA fellowship.

Prevents frivolous issues from coming forward.

We do recommend that this be changed to state "a favorable vote of over 50%". The reason for this is that 50% is an even vote or tie, and not a majority. Anything over 50% would represent a majority.
### Proposal 2017-15

#### Ballot Issue:

We propose that the fellowship would consider changing the first statement in The "Laundry List" to read as: These are characteristics we seem to have in common due to being brought up in an alcoholic or dysfunctional household.

#### Argument in Favor

Our group has come to believe in a consistent message throughout our literature, The "Laundry List" being one of the most powerful messages of identifying.

#### History/ Reasoning

Many of our newcomers drop in to a meeting and question if they belong with us due to a short view of qualifying when alcoholic household is mentioned.

#### WSO Analysis

If approved this is something that can be done fairly inexpensively in tri-folds, booklets, and online ebooks. It can then be included in our existing published books when revisions or new editions are printed.

- Consistency is important!
- Good idea
- Properly placed in brackets it would be a clarifying addition. [or dysfunctional household]
- Our meeting has already made this change in our own initial readings.
- see WSO analysis
- We should be adding this to all mentions of our name in any publication from ACA. It is already absent in the acronym!
- Tony A's original Laundry List should not be altered in any way. If someone from ACA other than Tony A added the statement being offered for alteration, then it would be okay to update it. But, if Tony A put that at the beginning, then it should not be altered. Not everything needs to be altered. Sometimes we can just accept that we have to silently add the last portion of the statement in our minds, knowing it is shown in other places.
- This is not a no vote. Only Proposal 5 was considered.
- Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote

- As a historic document, the verbiage should NEVER be changed. As an add on clarification clearly labelled as an add-on, then it may be appropriate for the sake of inclusion.
- Too wishy-washy. We are who we are. It's up to the visitor to decide if they fit in. We don't have to trip over ourselves to make them feel included - that's called codependency.
- When this proposal refers to the "first statement" in the first sentence, it was a bit confusing. We thought it referred to item 1; when in fact, this proposal refers to changing the "preamble" to Laundry List, not the first item.
- The laundry list in the BRB doesn't have a statement at the beginning of it, so this proposal seems vague at best....
## 2017 ABC Ballot Proposals

### Ballot Issue:

We propose that ACA/WSO open up discussion among our fellowship to introduce Tony A’s ACOA 12 Steps to our membership as conference approved material. We motion that ACA/WSO include on this years ballot discussion to make Tony A’s 12 Steps available as conference approved material.

### Argument in Favor

There are many groups in addition to our group that include Tony A’s 12 Steps along with the Problem, The Laundry List and The Solution which encourages in the format at the beginning of the meeting. Some of us found out about Tony A.’s 12 steps for the first time last year at an ACA conference at Redondo Beach California. We researched further and listened to the recording of Tony’s Talk where he introduced and talked about each step before the 1991 ACA conference in Florida. We have found this information useful in our recoveries and believe it ought to be available to all fellow travelers to aid in our recovery process.

### History/Reasoning

In 1991, Tony A. introduced the 12 Steps of ACOA at the 7th Annual Convention of Adult Children of Alcoholics at an optional support group before the conference. The ACA business conference adopted the A.A. steps in 1984 seven years before Tony wrote and developed his version. Although ACA uses and references the Laundry List, Common Traits of Adult Children our material does not include the steps which were written specifically for the adult child who suffers from abandonment, self doubt, inability to love and nurture ourselves and shame. Tony A’s 12 steps provide a pathway for the adult child to heal the wounds suffered as children that are buried deep within us sabotaging our present day relationships. Similarly to the BRB, Tony A’s book encourages healing through taking responsibility for our lives today by learning to forgive our perpetrators and ourselves.

- Unless we get permission from his widow, none of the three proposals matter.
- Very important
- Combine with props #2 & 5. Discuss, but we do NOT endorse whole re-writing of ACA literature. Important to discuss why or why not use these, clarify what groups can do, and how, if at all, these fit into the ACA program of recovery.
- Seems similar in intent to #2. Only one needs to be addressed by ABC
- This proposal is made moot by our open literature policy. Conference approval is not needed.
- We agree this should be discussed over the next year rather than the ABC making a decision now.
- Redundant
- Refer to comments in ballot measure #2.
- Flexible on how this is done
- This isn’t necessary since we are already free to read Tony’s steps in meetings, as many groups do. Again, his steps do not include an amends process which we consider vital.
- Why discuss when we don’t know if we can even use them.
- Close vote (only one vote apart)
- Strongly agree.
- This is not a no vote. Only Proposal 5 was considered.
- Our group only wanted to consider proposal 5 so "No Opinion" should not be considered a "No" vote
- Copyright violation. Not supposed to engage in any activity that will negatively impact the fellowship, like a lawsuit for copyright infringement.
- Strongly.
- See comment for Proposal #2
- Get Tony’s steps

I. STATED PURPOSE
The sole purpose of the Adult Children of Alcoholics World Service Organization (ACA WSO) is to serve the Fellowship of Adult Children of Alcoholics (ACA). It is an agency created and now designated by the fellowship of ACA to maintain service for those who might be seeking, through ACA, the means for recovering from being raised in an alcoholic or otherwise dysfunctional home, through sharing information and experiences with one another and by applying to their own lives, in whole or in part, the Twelve Steps, which constitute the recovery program upon which ACA is founded. (See Bylaw II)

The ACA WSO shall do this by using the 12 Traditions and the 12 Concepts in its deliberations and decision-making process and use its best efforts to ensure that the traditions are maintained throughout the fellowship.

The ACA WSO shall consist of a Board of Trustees (hereafter referred to as the Board) for the purpose of complying with the laws of the State of California, which require a membership corporation to be composed of members. The members shall have all the powers provided for in its bylaws, serve as officers of the Board, or committee delegates as appropriate in the service of the purposes to which the ACA WSO is dedicated.

A member of the Board is subject to the laws of the State of California and is expected to exercise the powers vested in them by law in a manner consonant with the faith that permeates and guides the fellowship of ACA, inspired by the 12 Steps and in accordance with the 12 Traditions.

The ACA WSO may set up new corporate bodies to serve the purposes of ACA, provided that the ACA WSO shall own all of the capital stock of such corporate bodies, and if such corporate body is a membership corporation, its structure shall be in keeping with that of the ACA/WSO. The ACA WSO is expected to refrain from forming any new corporate body if a majority of the fellowship shall disapprove of its formation.

So that the ACA WSO Board may more effectively serve the purposes for which it is formed, an Executive Committee shall automatically be formed of all Officers of the Board, and furthermore that the Board of Trustees shall form any other committees as necessary to carry out its purposes, maintain an office, or storage space, for the archives and ACA WSO equipment, and conduct an Annual Business Conference (ABC). Rev. Motion No.11149806

II. BRIEF HISTORY
In 1983 the Adult Children of Alcoholics groups voted to establish a permanent Central Service Board (CSB) to act as trusted servant to the fellowship of the emerging ACA, responsible for implementation of service activities, and required to report their activities on a regular basis to all affiliated ACA meetings. They found and established immediately a phone and office staffed by ACA to serve as a center for communications and service work.

In 1984, at a Business Conference, groups voted to establish ACA as an autonomous Twelve-Step, Twelve-Tradition organization. It was voted to request the CSB to act as the World Service office on an interim basis (IWSO). It was agreed that any and all materials to be
distributed to the general fellowship on a regular basis, must be submitted to the CSB/IWSO for review and acceptance prior to any such distribution.

It was determined that the CSB/IWSO would not create an 'Emeritus Status' for CSB/IWSO Trustees.

In 1989, by Ballot, the fellowship voted for the CSB/IWSO to be discontinued and the Trustees continue to serve as the ACA Interim World Service Organization (ACA/IWSO).

In 1990 the fellowship determined that “Interim” be dropped and the ACA/IWSO, by Ballot, became the World Service Organization (WSO) for ACA in 1991.

The principal office of the corporation, for the transaction of its business, is located in Los Angeles County, California. The corporation may also have offices at such other places, within or without the State of California, where it is qualified to do business as its business may require and as the members of the ACA WSO may designate. The Corporate Seal is kept within the ACA WSO office locked files along with its tax-exempt number.

The ACA WSO Board, in its deliberations and decisions, shall be guided by the Twelve Traditions and the Twelve Concepts of ACA and group conscience. The ACA WSO Board shall use its best efforts to ensure that these Traditions and Concepts are maintained, for it is regarded by the fellowship of ACA as the custodian of these Traditions and, accordingly, it shall not itself, nor, so far as it is within its power to do so, permit others to modify, alter or amplify these Traditions, except in keeping with the provisions of the ACA ABC.

ACA WSO Board members function as trustees of the ACA fellowship. In accordance with Tradition Two, the Board may act for the service of ACA; it shall never perform any acts of government.

III. WSO BOARD OF TRUSTEES

A. General

The board members of the ACA WSO Board of Trustees (which shall henceforth be referred to as the "Trustees” or "Board") shall be persons who are members of the ACA fellowship, and who express a profound faith in the recovery program upon which the fellowship of ACA is founded. The Trustees shall not be personally liable for the debts, liabilities, or other obligations of the corporation. (Bylaw IV.4)

Members of the Board, as Trustees, shall have all the powers provided for in the bylaws and are vested in the "Board of Directors" under the laws of the State of California. They may, by general resolution, delegate to committees or to officers of the ACA WSO such powers as they deem appropriate in the service of the purposes to which the Board is dedicated.

The Trustees, subject to the laws of the State of California, are expected to exercise the powers vested in them by law, in a manner consonant with the faith that permeates and guides the fellowship of ACA, inspired by the Twelve Steps of ACA, in accordance with the Twelve Traditions and Twelve Concepts of ACA, and in keeping with the directives of the ACA Annual
Business Conference (ABC).

Trustees are expected to contribute their time for the monthly meeting of the Board and to provide continued service to the Board during the year. The Trustees shall perform any and all duties imposed on them collectively or individually by law, Articles of Incorporation, or Bylaws. The Board shall appoint and remove, employ and discharge, and except as otherwise provided in the bylaws, prescribe the duties and fix the compensation, if any, for agents and employees of the corporation.

The Trustees shall supervise all officers, agents, and employees of the corporation to assure that their duties are performed properly. Trustees shall advise the ACA fellowship, with respect to the views and opinions of the area they represent, regarding matters of policy. Each member elected to the Board shall be an active member of at least one committee by volunteering or appointment of the Executive Committee.

Trustees shall serve without compensation, except that they shall pay them reasonable advancement or reimbursement for expenses incurred in the performance of their regular duties. Trustees may not be compensated for rendering services to the corporation as a trustee, unless such other compensation is reasonable and is allowable for services as an employee or independent contractor, or otherwise. No more than 40% of the persons serving on the Board may be interested persons.

Each Trustee shall be responsible for knowing the current policy or procedure and update the manual as required.

Regional and Intergroup Representatives can also serve on the board.

B. Board of Trustees (Board Members)
The number of Trustees seated on the Board at any one time shall not exceed fifteen (15). Rev. Oct 5, 2010 by WSO Board action.

C. ACA WSO Property
Those members of the Board entrusted with addresses, books, funds, keys, literature, meeting information, names, telephone lists, and other information or property of the ACA WSO fellowship, shall provide exemplary care and utilization of such items during their period of service and shall protect these things from loss, mutilation, or use outside the service of ACA Twelve Step Groups or their individual members.

No person shall interpret ACA WSO material or property entrusted to his or her care as their personal or private property. Upon notification by the ACA WSO, by registered or certified mail, or in person at any meeting of the Board at which a quorum is present, the Chairperson or any member of the Board so entrusted with ACA material and/or property shall promptly (within one month) return the requested items to the ACA WSO by turning them over to a designated member of the Board or by bringing them to the ACA WSO office.
D. Correspondence
Trustees when answering mail for the Board may not speak for ACA, ACA WSO, or the Board, unless directed to do so by the Board, but may share their personal knowledge and recovery.

Those Board members who have received and answered correspondence from the fellowship are obligated to forward the original correspondence and a copy of the reply to the office for filing.

Any correspondence generated or intended for distribution beyond the workings of the Board, must be reviewed by the Board for purpose of policy, procedure and Tradition consistency.

E. Term of Service
The term of office of all Board members shall be two (2) years, counting from the ABC of election, with the maximum term of service for a Board Member defined as three (3) terms, which shall be effective as of the initial ABC at which the respective board member is ratified. **Rev. Motion No. 02090201**

Regional and Intergroup Representatives would be required to commit to a minimum service period of one year as a Trustee in the interest of continuity. That period of service would be from ABC to ABC. **Rev. Motion No. 06129901**

F. Leave of Absence
A Leave of Absence (LOA) will be given to Trustees who have been sitting on the board for a minimum of one year, at the discretion of the Board.

G. Commitment to Service
All members of the board shall agree to comply with, and be bound by, all the terms and provisions of the ACA WSO bylaws, policies, and procedures as set forth in this manual. As a condition of service, and prior to their election to the ACA WSO board, potential members of the board shall sign the ACA WSO commitment to service. If unwilling to sign the document, the potential member must write a letter containing a statement as to their objection to signing said commitment to service. Said letter must be given to the board and published in the ComLine prior to their election to the ACA WSO board, so that all members of ACA understand that potential board member's commitment to serve ACA WSO and the membership. **Rev. Motion No. 05099802**

H. Election
1. General Member: Additional Requirements for WSO Board Membership:
Those ACA members willing to volunteer service as members of the Board of Trustees must present themselves to five Board Meetings within a seven-month period of time. The ABC meeting is considered a "regular" meeting for the purpose of extending board membership. **(Rev. Motion Sept. 13, 2008).**

Intergroup and Regional Representatives will be required to fulfill the same qualifications for board membership as elected Trustees. **(Rev. Motion Sept. 13, 2008).**

New board members should also be actively attending Adult Children of Alcoholics
meetings and have a working knowledge of the ACA Twelve Steps and Twelve Traditions. (Rev. Motion Sept. 13, 2008).

The potential Trustee should have at least three years of ACA program work, which includes regular meeting attendance, Step work and changed behavior. Previous experience in a service position is desirable. (Rev. Motion Sept. 13, 2008).

Potential Trustees without direct ACA experience and/or without a working knowledge of the ACA Steps and Traditions may be asked to serve on an ACA WSO subcommittee for one year before being considered for board membership. This would allow the person to obtain Traditions and service knowledge before becoming a Trustee (Rev. Sept. 13, 2008).

2. Region & Intergroup Representatives
The Regional Designations shall remain as identified, with the addition of Region 20. (Regions outside North America shall begin with the number 20.) Rev. Motion No. 08129902

Regional Representative:
By definition, a Regional Representative is someone who can be elected to the board, and keeps in contact with individual groups and intergroups within a region and acts in service to the ACA Fellowship within ACA WSO.

Intergroup Representative:
By definition, an Intergroup Representative is an individual who serves at the intergroup level to keep the ACA WSO educated as to what is happening at their intergroup level, and takes information about the ACA WSO back to their intergroup and acts in service to the ACA Fellowship within ACA WSO.

These definitions recognize that an Intergroup or Regional Representative elected to the WSO Board of Trustees while retaining his or her Regional or intergroup position, is essentially serving two committees simultaneously, i.e., ACA WSO and a region or intergroup. While it should be self evident about the differences in these roles, we offer some general guidance here to avoid confusion.

For example, the representative must be clear on his or her service responsibility to the Intergroup and to ACA WSO. When attending a WSO Board of Trustees meeting, the person is offering service to the entire ACA Fellowship instead of one intergroup or geographical region. In all cases, whether serving as an Intergroup Representative or Trustee, the individual is directly responsible to those they serve by serving the ACA Fellowship. This holds true for a Regional Representatives elected as a Trustee while retaining his or her regional position.

Regional Representatives (RR) or Intergroup Representatives (IR), while serving as members of the Board, shall interface with all of those in the area that they represent.
The RR or IR will represent both the minority and majority concerns of those in their region or area to the ACA WSO Board. When any individual is selected to represent a group, it is understood that the group accepts on faith that the individual will have information available that perhaps the group it represents does not, and therefore the individual is chosen and expected to act in service to ACA WSO to the best of their ability.  

**Rev. Motion No. 06129903**

I. Impeachment/Removal, Resignation, Vacancy

1. General

In keeping with the Commitment to Service, any board member may be removed by request or cause. Tradition violations, working outside the boundaries of the Policies and Procedures as set forth, abuse of fiscal responsibility, or any such action as determined by the majority of the members of the body, will serve as just cause.

The Minority Voice must always be allowed representation, however, once an issue is determined through a group consensus, it is expected that all board members support the position of the whole.

A board member who shall be absent from three (3) consecutive regular meetings of the ACA WSO, shall automatically be removed unless confined by illness, or financial incapacity at the discretion of the Board, or otherwise declared by the Board at any meeting, thereof exempt.  

**Rev. Motion No. 08129501**

The Board may declare the office vacant of a Trustee who has been declared of unsound mind by a final order of court, convicted of a felony, or been found by a final order or judgment of any court to have breached any duty under Section 5230 and following the California Nonprofit Public Benefit Corporation Law.

Action for removal may be taken at any Board meeting in keeping with meeting requirements.

2. Regional and Intergroup Representatives

The RR and IR are considered members of the ACA WSO Board of Trustees and, as such, all language regarding termination of a member applies also to the RR and IR, with the additional provision that the groups, and Intergroups within the Region, be notified that such action has taken place, and a request be made that they elect a new member to represent them on the Board. Only the reason for termination will be stated in such notification. The details for such action may be contained in the minutes, which may be mailed upon request to any group.  

**Rev. Motion No. 06129903**

3. Resignations

Any Trustee may resign, effective upon giving written notice to the Chairperson of the Board, the Vice Chairperson, the Secretary, or the Board, unless the notice specifies a later time for the effectiveness of such resignation. No Trustee may resign if the corporation would then be left without a duly elected Trustee or Trustees in charge of its affairs, except upon notice to the Attorney General of the State of California.

4. Vacancy
Vacancies may be filled by a majority of Trustees then in office. If this Corporation has member Vacancies created by the removal of a Trustee, such a Vacancy may be filled only by the approval of the members.

IV. ACA WSO BOARD OFFICERS
A. General
Any person may serve as an officer of this corporation. Board members shall select from themselves persons to perform the duties of the officers to meet the lawful requirements of the State of California and comply with customary corporation terminology. The officers of this corporation shall be: Chairperson, Vice Chairperson, Secretary, and Treasurer. Any number of offices may be held by the same person except that Chairperson may not serve as the Secretary or Treasurer (Bylaw IV.7).

Officer titles shall not be used by such officers except in the conduct of ACA WSO business. Rev. Motion No. 02110103

Officers shall hold office until he or she resigns, is removed, is otherwise disqualified to serve, or until his or her successor shall be elected and qualified, whichever comes first.

The Board of Trustees may appoint such other officers or agents as it may deem desirable, and such officers shall serve such terms, have such authority, and perform such duties as may be prescribed by the Board.

The Chairperson shall have those duties generally attributable by law and custom to a president under the laws of the State of California, with such other greater or lesser duties as may be determined by the Board. The Vice Chairperson shall perform the duties of the Chairperson in the event of the Chairperson's absence or disability. The Secretary and Treasurer shall similarly perform those duties generally attributed by law and custom to such offices with such other greater or lesser duties as may be determined by the Board of Trustees.

Any officer may resign at any time by giving written notice to the Board or to the Chairperson or Secretary of the corporation. VI. ACA WSO FISCAL POLICIES

A. General (Updated by board action of Aug 14, 2010)
The Fiscal Year is January 1 to December 31 of the same year as set by Article Seven (VII) of the Bylaws. ACA WSO shall request donations from ACA groups for the purpose of establishing and maintaining a fund for ACA service activities and social events.

The maximum annual contribution by an individual must be less than $2500.

All Trustees will be reimbursed for expenses directly related to attending the ABC in person meetings, or when traveling to carry out the business of the ACA WSO, upon prior approval of the Board, if the funds are available.

(Third paragraph deleted by motion of Aug 14, 2010 as no longer applicable)

B. Signatory
The Treasurer or other designated Board member is authorized to sign for withdrawals. For withdrawals over $250, documented approval, including e-mail, of at least one other officer is required for the withdrawal. All persons who would sign ACA WSO checks, and all signature cards to be submitted to the bank, must be approved by the Board. Rev. Motion No. 02110102

C. Approval
Guidance of the Board is required prior to the expenditure of funds, and management of such expenditures to ensure the appropriateness of expenses. All requests that involve funds out of the treasury must be reviewed for their appropriateness by the Treasurer before coming to the Board.

The Executive Committee shall be allowed to spend up to $150 per month, at its discretion, without prior approval of the Board. Monies needed that exceed this limit must receive prior approval of the Board.

D. Reimbursement
Checks will be issued as needed. Form 591 (F591), shall be used for reimbursement of committee expenses, and must be submitted with an original or photocopy of receipts or canceled check, based upon approval by our Treasurer and/or accountant.

E. Records/Reports
The Treasurer will keep records in accordance with Federal and State requirements and guidelines for Nonprofit Public Benefit corporations, and will report monthly to the Board.

ACA WSO shall make quarterly treasury reports to the ACA Fellowship as a whole regarding the status of the central treasury. This report, including amounts contributed by each group, shall be published in the ComLine.

Quarterly the ComLine clarifies the suggested ACA WSO 7th Tradition contribution method to
state that the suggested 60/40 idea was to apply only where there was no Regional service structure. Where there is such a structure, the suggested method would be 60% to the local IG, 30% to the Regional structure where one exists (even if on an interim basis), and 10% to ACA WSO. If there is no Intergroup or Region, that portion of the total contribution would be made to ACA WSO.

F. Committee Chairperson Reimbursement
A Committee Chairperson may be reimbursed up to $50.00 per month upon submission of F591 and appropriate receipts, to the ACA WSO treasurer.

Any expenses over $50.00 must have the prior approval of the ACA WSO Board of Trustees, in accordance with current policy.

Any committee expense reimbursement request submitted later than three (3) months will be forwarded to the ACA WSO Board of Trustees for consideration.

VII. PLACING ISSUES BEFORE THE BOARD
A. Methods
Issues can be brought before the ACA WSO Board in various ways.
1. through the executive Committee for placement on the Agenda
2. through a Committee Report
3. when, at times, an issue is raised, by anyone attending, which is considered by a substantial majority to require immediate attention
4. at the Annual Business Conference
5. in keeping with the Policy Statement and Right to Petition* as amended

*Groups may use the Right to Petition to request the Board to reconsider any issues previously considered. (See Appendix I)

VIII. BOARD MEETINGS
A. Notice
All Trustees must register their addresses with the Secretary of the corporation; and notices of meetings, mailed, telegraphed, faxed, or emailed to them as such addresses, shall be valid notices thereof.

Notice must be made prior to each regular meeting. In the case of any Special Meetings called, each Board Member must be notified 24 hours prior to the meeting.

B. Schedule
Regular meetings of trustees shall be held as described in VIII.E - on the second Saturday of each month at 11:00 A.M. Pacific Time (North America) unless special circumstances dictate otherwise. In that event, the regular meeting shall be held at the day, hour and place designated by the Board.

Meetings of the Board shall be presided over by a Chairperson chosen by a majority of the Trustees present at the meeting. The Secretary of the meetings of the Board can be a volunteer
from those persons present at the meeting and approved by the majority of the trustees present.

C. Agenda
The committee Chairperson or Board member must contact a member of the Executive
Committee 7 days prior to the next general board meeting with the item to be considered for
inclusion in the data packet for mailing by that date. If the issue is determined by the Executive
Committee to need clarification, Committee review, or submission to a Committee for comment,
the item may be deferred until a later time.

Only issues listed on the Agenda, or brought before the Board as outlined in OPPM Section VII,
Placing Issues before the Board, A. Methods, will be discussed at the meeting. **Rev. Motion
11149805**

D. Conduct
The ultimate authority shall be the Group Conscience of those persons present at any meeting
where a quorum is present.

A consensus is used in obtaining agreements on proposals. If a blocking concern is issued,

covered by the Bylaws or Policies.

A parliamentarian shall be appointed by the members of ACA WSO to assist the Chairperson in
the proper procedures and conduct of the meeting.

E. Teleconferenced Meetings
The Teleconference shall be held at 11:00 a.m. Pacific time on the second (2nd) Saturday of each

Any meeting held at which a quorum is not present may not conduct any formal business. The only motion, which the Chair shall entertain at such a meeting is a motion to adjourn. *Rev. Motion 01130107*

The trustees present at a duly called and held meeting at which a quorum is initially present may continue to do business notwithstanding the loss of a quorum at the meeting due to a withdrawal of trustees from the meeting, provided that any action thereafter taken must be approved by at least a majority of the required quorum for such meeting or such greater percentage as may be required by law, Articles, or Bylaws, or ACA WSO Policy.

When a meeting is adjourned for lack of a quorum, it shall not be necessary to give any notice of the time and place of the adjourned meeting or of the business to be transacted at such meeting, other than by an announcement at the meeting at which the adjournment is taken.

**H. Voting**

Every act or decision made by a majority of the trustees present at a meeting duly held, at which a quorum is present, is the act of the Board, unless special issues require a greater percentage or different voting rules for approval of a matter by the Board.

The minority voice is important and ought to be recognized at all times. Yet once an issue has been determined, it is expected that all Board members will accept the decision and go forward in compliance with it.

Any existing service body, or committee, with the exception of the Executive Committee, may not have, at any time, more than two full votes on matters pertaining to the matters of interest of the service body or committee.

X. COMMITTEES
A. General
The ACA WSO utilizes a committee system that meets throughout the year and is composed of Trustees, ACA members, and an occasional nonmember.

The basic purpose of these committees is to collect, clarify, define and respond to the dictates of the fellowship within specific areas of concern. They may request the Board of Trustees to initiate policy or take action. Committees shall be formed in keeping with the needs of service by resolution of the Board, with such powers as the Board then may regard as necessary. Committees may be created, discharged, eliminated, replaced, their powers expanded or limited, as the Board may, by appropriate resolution, determine.

Committees shall attempt to rotate geographically on an annual basis in order that all members of the ACA WSO fellowship have the opportunity to grow through service to their fellow members.

Meetings and actions of committees shall be governed by, noticed, held, and taken in accordance with the provisions of the policies and procedures concerning meetings of the Board, with such changes in the context of such policies as are necessary to substitute the committee and its members for the Board of Trustees and its members, except that the time for regular meetings of committees may be fixed by resolution of the Board or by such committees.

B. Powers of Committees
When we have made a commitment to serve as a Trustee on the Board of ACA WSO, it is imperative that we collectively have a firm understanding of what our role is as a Board member, and have an understanding of the dynamics of committee work and the committee's role in response to the task delegated or charged to them by the Chair or the Board as a whole.

The Board Member sitting on any committee is charged with making clear to all committee members the definition of a committee and the powers of a committee and its responsibility to the chair and the Board, according to Roberts' Rules of Order (Pocket Edition 1990).

Committees are instruments or agencies of the body appointing them and their function is to carry out the will of that body. Committee acts are recommendations only and except as especially authorized, have no force until approved by the body. Generally, the term committee implies that with the scope of its assigned responsibilities, the committee has less authority to act independently for the society or fellowship than a Board is usually understood to have.
C. Selection of Committee Chair
Committee Chairpersons and Vice Chairpersons may be elected from delegates attending the 
ABC. In the event of a resignation of the Chairperson, the ACA WSO Board shall designate the 
most appropriate person to serve as Chairperson Pro-tem until the next ABC, drawing input from 
the said committee's members.

The Vacancy of the Chair will be presumed if the committee Chairperson fails to submit two (2) 
consecutive monthly written reports to the Board of Trustees and they will act to appoint a new 
Chair as stated above.

In the event of a committee Vice Chairperson resignation, the committee members shall elect an 
individual to serve out the remaining term as Vice Chairperson Pro-tem and actively serve in that 
position until the next ABC.

D. Responsibility/Accountability
Committees are held fiscally responsible and may be financially supported by the ACA WSO. 
The ACA WSO Board of Trustee Operating Policies and Procedures Manual governs the ACA 
WSO committees. These committees do not govern; they are, instead, the servants of the 
fellowship performing a necessary task.

Any Committee created by the ACA WSO, with the exception of the Executive Committee, may 
not have at any time, more than two full board votes on matters pertaining to that Committee.

E. Reports
All committee Chairpersons shall give to the ACA WSO Board a written report on the purpose 
of that committee (Purpose Statement), and a written monthly report on the activities, or for 
introducing recommendations/proposals for action, to the Board prior to the monthly meeting for 
placement on the Agenda.

Proposal
The Chairperson shall provide a written report of the committee's activities for the ABC.

All the business of each committee shall be dealt with within each committee’s report. 
Committee reports are to be used to bring the committee business and motions to the 
ACA WSO Board for approval after the committees meet. The committee Chairperson 
shall contact the Executive Committee for placing proposals on the Agenda prior to the 
next Board meeting.

F. Correspondence
Committee Chairs and/or members shall follow the guidelines for Board correspondence. Those 
who have received and answered correspondence from the fellowship will forward a copy of all 
such correspondence to the office for filing.

Any correspondence intended for distribution beyond general Committee work must be reviewed 
by the Board for purpose of policy, procedure, and Tradition consistency.
G. Professional Advisory Committee
A Professional Advisory Committee may be composed of experts, professionally trained in the fields of education, law, medicine, psychiatry, religion, social work, sociology, and allied fields. The function of such a committee would be to furnish professional counsel and guidance to the ACA WSO, as required, in the development of sound policies and the conduct of activities on the highest possible level. ACA WSO would invite individuals to become members of the committee after an evaluation of their qualifications and potential service.

The corporation shall have such other committees as may from time to time be designated by resolution of the Board. Such other committees may consist of persons who are not also ACA members. These additional committees shall act only in advisory capacities to the board and shall be clearly titled as "advisory" committees.

The message may give out local Intergroup phone numbers for those seeking a meeting who may have called by mistake. An answering bureau may also be used for this.

C. Meeting Directories
Meeting guides provided by Intergroups and/or Regions that include alphabetical listings of meetings, day, time and location, may be used to register meeting information provided a contact name and address accompany the guide. The office will provide the listing to produce the International Meeting Guide and keep its records as updated as possible. The Guide may be distributed to the ACA fellowship and other 12 Step organizations and offices. The Directory will include the Copyright phrase as it appears at the top of the meeting minutes and be updated as determined by the Board.

They shall donate the office equipment and monies to meet the criteria set by the IRS for WSO's tax, not for profit status. A letter to be forthright with the fellowship will be mailed to all affiliated Meetings, Intergroups, and Regions. Rev. Motion No. 06109511

XII. ACA WSO LITERATURE (updated Oct 13, 2012)
A. Adult Children of Alcoholics Literature Development
"The Problem," "The Solution," "Twelve Steps," "Twelve Traditions," and the "Identity Papers" have been standardized and accepted at various Annual Business Conferences. Responding to fellowship requests, ACA WSO develops and publishes literature that provides a source of unity, and carries the ACA logo and copyright. All groups may submit literature for review and possible publication by ACA WSO, at the discretion of the Literature Committee, which will edit such literature for publication, and rewrite it where necessary for ease of reading, adherence to ACA principles, and spelling. It will be submitted first to the group that submitted it, so the group can withdraw it before it is published if it does not agree with the changes. Then it will be treated as any other ACA WSO generated literature, and be put through the process of approval by the Board and the ABC.  Rev. Motion No. 04249804

B. Adult Children of Alcoholics Literature Policy
It has always been accepted that ACA should remain eclectic in choosing literature. That is, ACA meetings may draw from various sources without censorship. Each group is cautioned to be extremely careful in selecting materials, reviewing them against the 12 Traditions that govern our fellowship.

FOR GUIDANCE:
Tradition One: Does it support the growth of ACA and promote unity and continuity of
Tradition Four: Will the decision to use such material effect other groups in the local area or our fellowship as a whole?

Tradition Five: Does this decision by the group remain in line with ACA’s primary purpose?

Tradition Six: Is the use of outside literature an endorsement of a particular author? Would the meeting be a "book study" if making the work of a particular author the focus of the meeting rather than an ACA recovery meeting?

Tradition Eight: Does using such literature border on, or move the meeting toward a therapy session and away from the Twelve Step recovery programs of self-help groups?

Tradition Ten: Would such use violate any copyrights of others? ACA groups identify with the Problem and work the steps toward the Solution.

Our ACA Identity Papers state who and what we are as children who were raised in alcoholic or otherwise dysfunctional environments. Would the decision of the group identify us a different way and define our recovery outside the 12-Steps?

After considering the above, each meeting ought to announce that the literature used is not approved or endorsed by the ACA fellowship. Each group needs to evaluate what effects the decision to use outside literature might have on the newcomer seeking recovery in ACA.

B. Literature Committee
Any literature submitted to the ACA WSO Literature Committee to be reviewed for distribution to the fellowship must promote principles over personality and carry the ACA WSO copyright. The originating group will be given credit in the publication.

The committee will produce and develop literature for distribution to the ACA fellowship in keeping with the ACA WSO stated purpose and policies. The literature will serve to carry the message to the newcomer; promote unity and consistency throughout the fellowship; be of service to the fellowship; and may provide a resource for ACA WSO.

C. Approval
The committee will present all proposed literature to the Board for approval prior to presentation to the fellowship at the next ABC.

The ACA WSO Board approves of the teleconference idea as the best means for the Literature Committee to gather a representative active group conscience regarding literature used within the ACA fellowship.

The ACA WSO promotes unity and consistency in the ACA message and has included
"dysfunctional family" language in all literature where practical.

The ACA WSO Board approves literature for inclusion in the New Meeting Packet.

such translations must agree that copyright and ownership of the translations are to remain with the WSO. In no case will such translations attempt to blend the ACA message with those in other non-ACA approved books or materials. Procedures and guidance will be provided by the WSO to ensure such translations are accurately translated and retain the message of the source copyright materials.

Rev. Motion No. 04259705

XVIII. LEGAL
History: In the interest of representing the fellowship, the Board contracted with counsel, as discussed previously, and allocated $1,500 for an initial retainer to take decisive legal action to send out "cease and desist" letters to all parties associated with The Adult Children Anonymous General Service Network (ACA/GSN) as named in their own documents. As a result of this confrontation it was determined that the Board, when necessary, may retain legal counsel on issues deemed necessary by the Board.

Prior to retaining legal counsel, verbal and written contact will be made by a designee of the Board, to attempt to bring about a satisfactory agreement (settlement) to any issue in which the ACA WSO fellowship is being violated.

The Board will attempt to obtain volunteer council on every occasion prior to designating funds for such expense.

The BPC will write a cover letter explaining the ballot item procedure, a form to be used to send in a GCS item, and will send these and a meeting registration form to each registered group and Intergroup, with the ABC registration form. It will be sent to the groups by fourth-class bulk mail, and to the Intergroups by first class mail.

The Ballot/GCS item must be received by the BPC by the cutoff date of December 3. The maximum length for a GCS item will be 500 words, including the proposal itself, history of the issue involved, and arguments in favor of the proposal.

In the same piece of paper containing the information regarding the policy for GCS items, it shall state, "We recognize that our program operates within the Spirit of the Twelve Steps and Twelve Traditions and that we must exercise judicious behavior in being of service to our fellowship. We encourage all submissions to strive to embrace the needs of our fellowship as a whole." It would be included in the "How to Submit" guidelines.

Ballot items may be submitted by the GCS process above or by a majority vote of the trustees of the ACA WSO.

When an issue is submitted for the Ballot, and a perception of controversy exists, it may be placed on a separate document for the purpose of obtaining an informed Group Conscience.

Group Conscience Survey (GCS)

The "Group Conscience Survey" will be mailed just as a Ballot and the results reviewed.
ACA WSO FOUNDATIONAL DOCUMENTS

by the Board. Both the Ballot and the Group Conscience Survey are tools for obtaining Group Conscience throughout the fellowship and used for guiding the direction and identifying priorities/problems within the fellowship.

Any GCS (Group Conscience Survey) will be included if any registered ACA group had, by the process of gathering a group conscience in its meetings, submitted the item to the Ballot Proposal Committee in writing signed by the group secretary or equivalent. Surveys will contain the group's registration number and contact information. Proposals shall be verified by the Annual Business Conference committee. Electronic ballots adhering to these guidelines and containing the name and contact of the group secretary or equivalent, will be accepted in place of a signature.

GCS items may also be placed on the GCS by a majority of the trustees of the ACA WSO. Any GCS that is passed by a two-thirds (2/3) majority vote of the groups responding will appear on the ballot the following year as a ballot item.

B. Mailing

Ballot/Group Conscience Survey (GCS) booklets will be sent out annually to all registered groups.

These booklets will be sent out the first week of January (by the 7th). If any group does not receive a booklet by January 21, that group can call ACA WSO to request one.

The Board adopted the policy for the purpose of counting the votes for Ballot and GCS (GCS) items where there are three possible responses Yes, No and Undecided where the total vote will include the undecided votes.

Ballots, that are filled in and returned, will be counted. A vote of two-thirds of the ballots is required for an item to remain on the ABC agenda for possible consideration.

BYLAW REVISIONS—DECEMBER 1998 TO PRESENT
--Bylaw Article Nine (IX), Annual Business Conference (ABC), 1. -- December 12, 1998
APPENDIX VII -- ACA TWELVE STEPS; TWELVE TRADITIONS; TWELVE CONCEPTS

Twelve Steps of Adult Children of Alcoholics

1. We admitted we were powerless over the effects of alcoholism or other family dysfunction, that our lives had become unmanageable.

2. Came to believe that a Power greater than ourselves could restore us to sanity.

3. Made a decision to turn our will and our lives over to the care of God as we understand God.

4. Made a searching and fearless moral inventory of ourselves.

5. Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.

6. Were entirely ready to have God remove all these defects of character.

7. Humbly asked God to remove our shortcomings.

8. Made a list of all persons we had harmed and became willing to make amends to them all.

9. Made direct amends to such people wherever possible, except when to do so would injure them or others.

10. Continued to take personal inventory and when we were wrong promptly admitted it.

11. Sought through prayer and meditation to improve our conscious contact with God, as we understand God, praying only for knowledge of God’s will for us and the power to carry that out.

12. Having had a spiritual awakening as the result of these Steps, we tried to carry this message to others who still suffer, and to practice these principles in all our affairs.
Twelve Traditions of Adult Children of Alcoholics

1. Our common welfare should come first; personal recovery depends on ACA unity.

2. For our group purpose there is but one ultimate authority – a loving God as expressed in our group conscience. Our leaders are but trusted servants, they do not govern.

3. The only requirement for membership in ACA is a desire to recover from the effects of growing up in an alcoholic or otherwise dysfunctional family.

4. Each group is autonomous except in matters affecting other groups or ACA as a whole. We cooperate with all other Twelve-Step programs.

5. Each group has but one primary purpose – to carry its message to the adult child who still suffers.

6. An ACA group ought never endorse, finance, or lend the ACA name to any related facility or outside enterprise, lest problems of money, property, and prestige divert us from our primary purpose.

7. Every ACA group ought to be fully self-supporting, declining outside contributions.

8. Adult Children of Alcoholics should remain forever nonprofessional, but our service centers may employ special workers.

9. ACA, as such, ought never be organized, but we may create service boards or committees directly responsible to those they serve.

10. Adult Children of Alcoholics has no opinion on outside issues; hence the ACA name ought never be drawn into public controversy.

11. Our public relations policy is based on attraction rather than promotion; we maintain personal anonymity at the level of press, radio, TV, and films.

12. Anonymity is the spiritual foundation of all our Traditions, ever reminding us to place principles before personalities.
Twelve Concepts of Adult Children of Alcoholics

Concept I
The final responsibility and the ultimate authority for ACA World Services should always reside in the collective conscience of our whole fellowship.

Concept II
Authority for the active maintenance of our world services is hereby delegated to the actual voice, the effective conscience for our whole fellowship.

Concept III
As a means of creating and maintaining a clearly defined working relationship between the ACA meetings, the ACA WSO Board of Trustees, and its staff and committees, and thus ensuring their effective leadership, it is herein suggested that we endow each of these elements of service with the traditional Right of Decision.

The right of decision as defined herein refers to:

1) the right and responsibility of each trusted servant to speak and vote his/her own conscience, in the absence of any contrary mandate, on any issue regardless of the level of service;

2) the 12 Steps, 12 Traditions, and the Commitment to Service will be followed by trusted servants in decision making;

3) delegates to the Annual Business Conference are trusted servants and therefore equally guided by the 12 Steps, 12 Traditions, 12 Concepts, and the Commitment to Service;

4) standard practice that decisions made by subcommittees are subject to the authority of the service body which creates its mission and defines its parameters.

Concept IV
Throughout our structure, we maintain at all responsible levels a traditional Right of Participation.

Concept V
Throughout our structure, a Right of Petition prevails, thus assuring us that minority opinion will be heard and that petitions for the redress of grievances will be carefully considered.

Concept VI
On behalf of ACA as a whole, our Annual Business Conference has the principal responsibility for the maintenance of our world services, and it traditionally has the final decision respecting large matters of general policy and finance. But the Annual Business Conference also recognizes that the chief initiative and the active responsibility in most of these matters would be exercised primarily by the Trustee members of the World Service Organization when they
act among themselves as the World Service Organization of Adult Children of Alcoholics.

Concept VII
The Annual Business Conference recognizes that the Articles of Incorporation and the Bylaws of the Adult Children of Alcoholics World Service Organization are legal instruments: that the Trustees are thereby fully empowered to manage and conduct all of the world service affairs of Adult Children of Alcoholics. It is further understood that our World Service Organization relies upon the force of tradition and the power of the ACA purse for its final effectiveness.

Concept VIII
The Trustees of the World Service Organization act in this primary capacity: with respect to the larger matters of over-all policy and finance, they are the principal planners and administrators. They and their primary committees directly manage these affairs.

Concept IX
Good service leaders, together with sound and appropriate methods of choosing them, are, at all levels, indispensable for our future functioning and safety. The primary world service leadership must necessarily be assumed by the Trustees of the Adult Children of Alcoholics World Service Organization.

Concept X
Every service responsibility should be matched by an equal service authority – the scope of such authority to be always well defined whether by tradition, by resolution, by specific job description, or by the Operating Policy and Procedures Manual and bylaws.

Concept XI
While the Trustees hold final responsibility for ACA’s World Service administration, they should always have the assistance of the best possible standing committees, corporate trustees, executives, staffs, and consultants. Therefore the composition of these underlying committees and service boards, the personal qualifications of their members, the manner of their induction into service, the systems of their rotation, the way in which they are related to each other, the special rights and duties of our executives, staffs and consultants, together with a proper basis for the financial compensation of these special workers, will always be matters for serious care and concern.

Concept XII
In all its proceedings, Adult Children of Alcoholics World Service Organization shall observe the spirit of the ACA Twelve Traditions, taking great care that the conference never becomes the seat of perilous wealth or power; that sufficient operating funds, plus an ample reserve, be its prudent financial principle; that none of the Conference members shall ever be placed in a position of unqualified authority over any of the others; that all important decisions be reached by discussion vote and whenever possible, by substantial unanimity; that no WSO action ever be personally punitive or an incitement to public controversy; that though the WSO may act for the service of Adult Children of Alcoholics, it shall never perform any acts of government;
and that, like the fellowship of Adult Children of Alcoholics which it serves, the WSO itself will always remain democratic in thought and action.
