Resource Spotlight

Addressing Predatory Behavior in the Fellowship

At the 2018 ABC/AWC, the decision was made to create a working group dedicated to Addressing Predatory Behavior. This group has now launched and is meeting regularly.

One of the goals of this working group is to start a fellowship-wide discussion about the issue of predatory behavior and the effects it has on the fellowship as a whole, especially its newcomers. Another goal is the development of resources for members, groups, intergroups, and newcomers to address predatory behaviors within the ACA fellowship.

About Adult Children of Alcoholics (ACA)

ACA is a worldwide 12 Step / 12 Tradition program of recovery dedicated to people who were raised in dysfunctional families. ACA does not seek to assign blame to parents or caretakers, but we seek to understand the reality of how family dysfunctions affected us as children and still affects our adult behavior today.

Family dysfunction can include alcoholism, abandonment, neglect, or any type of addiction or abuse. ACA is synonymous with ACoA; Adult Children Anonymous; & Adult Children of Alcoholics and Dysfunctional Families.
