

Monthly European Committee Report

APRIL 2020

www.acawsoec.com

The first ever virtual ABC/AWC was accomplished this month.

Thanks to all the people making ABC/AWC possible and that includes of course all participants! It was a tremendous global effort making this possible! A magical moment in ACA history!

The EC were responsible for 4 timeslots during the AWC, and fellowships as Russia, UK, Spain and German speakers announced their interest.

Also dress rehearsals with the 4 fellowships were accomplished before the AWC to make sure the fellowships were fully informed of the process. The EC helped out with technical hosting/support on some of the meetings during AWC

We have introduced two new officers of the EC; Our new secretary Beryl V. and also our service sponsor coordinator Irma R, both residing in the UK. And we now have more people doing service in our committee than ever before, which is fantastic!

After the AWC a lot of fellowships have reached out for help and we have started to connect and communicate with all of them. From these fellowships there has been a lot of literature questions but also about reaching out for a service sponsor to the IG:s. There is so much happening in Europe and we are pleased with that! The European fellowship keeps growing fast!

Also we continue having contact with the Greece fellowship about the European Annual event in September. We will have a new meeting in two weeks making a decision for how to continue with Covid 19 in our backview mirror, but preparing it to be C19 safe.

Sharon is now the new Board Liaison to the EC and we look forward in working together in the future of our service. She will be introduced on our next European committee working session.

The Committee now has the following members.

Fredrik (SWE) Chair	Hasse (DEN)	Literature Chair
Veronica (CHE) Treasurer	Beryl (UK)	Secretary
Marjo (FIN) Web/IT I	Irma (UK)	Service Sponsor Coordinator.
Markus (SWE) MPS/Vice Web	Marc (NL)	Vice Literature

Vacant service positions are Vice chairs for all except IT/web

Gratefully submitted

Fredrik H

Chair EC
