Project Coordinators

The organizational structure evolved naturally with one country joining at a time and expressing their needs. It will continue to evolve as more countries join, particularly in the Eastern Hemisphere. We listen to our members in each country with what they need for support and/or connection with WSO and the world- wide fellowship. We then coordinate and/or develop the support needed. Each Global working group and/or Project Coordinator is aligned with a WSO committee if there is a volunteer and if the time zone is compatible otherwise the chair/vice chair contacts the WSO committee on an ad hoc basis.
