November report

During November, we in the European Committee continued to offer support to the countries that are in the process of translating and publishing the ACA literature.

Many countries are now reaching out to us and are in need of our assistance in this process. Some of them just began or about to start translating the ACA literature while others want to print a new edition.

As a result, this month we have started working more closely with the Literature Committee and also Global. We believe that fellowships from around the world might be facing similar issues and could share their knowledge and experience.

The two subcommittees of the Literature committee continue their work on processes and policies of literature translation and distribution and Europe is actively involved in it.

Adapting to the ACA growth is a lengthy process, especially because more and more groups are starting in more and more countries.

We have new countries participating in our Monthly meetings and it's really nice to see them doing a service.

As the fellowship grows we need more people who do service in EC. More about that at the end of the report.

At the end of the month, we finally finished editing the recordings of the European Annual Event.

They are now uploaded on our website for free download. More information can be found here:

We continuously trying to come up with a plan on how to find Service Sponsors to accommodate the European Fellowships need.

We have also elected the vice chairman and chairman.

In 2021 I will continue as chairman and Hasse from Denmark steps in as a vice chairman.

In addition, we have had a meeting open to everyone from European fellowship about the process of how Europe could become a region.

It was a well attended meeting that attracted 15 people from various countries. For about 90 minutes we shared information and possible pros and cons, and answered questions.

New meeting is planned in January. If you'd like to participate please contact me or someone from the EC.

We are urgently looking for people who are willing to do service.

The guidelines and description of the service positions are available on request. Please feel free to contacts the European Committee Chair Fredrik for more information.
