PSC Mission Statement

- The primary purpose of Public Information is to provide information about ACA and its potential to help heal the effects of growing up in a dysfunctional family.
- The goal is to carry the ACA message to the general public, medical and mental health facilities and 12 step fellowships. These include doctor's offices, community centers, educational and professional communities, libraries, and corporations including wellness programs.
- This is done through distribution of conference approved literature, public service announcements and participating in public events. Public Information cooperates with ACA meetings, intergroups and regions to share Public Information's experience, strength and hope globally.

Public Services Committee Goals

- Create a clear, concise mission statement for the Committee
- Review, update, and distribute ACA literature to various communities that may not know about ACA
- Cooperate with other WSO Committee and with ACA Regions, Intergroups, and Meetings to provide Public Information tools for them to use to carry the ACA Message
- Support in person and virtual events to share ACA information with the Public. Events such as Health Fairs and Conventions for other 12 Step Programs.
