Sneak Peek.

Introduction.

**“Recovery from
People-
Pleasing &
Manipulation
in Service”**

“Rather than manipulating through people-pleasing or Isolation, we learn to help ourselves.

We refer to the Commitment to Service, the Promises, The Affirmations (BRB p. 329), the Slogans (BRB p. 52), the Solution, and the Flip Sides of the Laundry Lists.

We let in the loving guidance and authority of something greater than ourselves.

We see the footprint of a Loving Presence, whom some of us call a Higher Power, in our group decisions.

Our program offers a secure structure to hold us as we connect our energy to a system of beliefs, and a way of life, consistent with serenity and peace.

We see this when we give service.” (Service Manual Draft p. 12)

- Continue to issue drafts of the Service Manual and get more input (ESH)
- Encourage and support sharing experiences with the Traditions and Concepts related to service.
- Support Regional Development in ACA
- Support the Concept Study Group and encourage new writings on the ACA 12 Concepts.

Why would I download a Service Manual?
