

## International Literature Scholarship Fund Update

The International Literature Scholarship Fund welcomes contributions! ACA members from South Africa and nearby countries in Africa are now able to have access to affordable literature, thanks to your contributions. A special thank you to the South Africa ACA Intergroup for making this opportunity possible. We are truly a global village.

Literature is Truly a Worldwide Affair – Carrying the ACA Message

Over 104 groups/individuals have donated over \$8900 in the past 8 months to the scholarship fund. As a result, South Africa ACA and other nearby countries now have affordable access to the Loving Parent Guidebook (LPG) and the BRB in their countries for the first time. WSO has paid the printer for the BRB and LPG out of this fund for \$1532. We have a balance of \$7,393 (Feb 2022).

How can you help?

When contributing on the website through 7<sup>th</sup> tradition, **you can click the down arrow after the word “General”** when designating where your funds will go and choose the International Scholarship Fund for your contribution.

Where can we designate your contribution?

General or **International Literature Scholarship Fund**

This fund provides funds to provide books to countries where literature is not affordable.

We are continuing to print the remaining publications for South Africa ACA (YWB, LLWB, SMR) and will be working with more countries needing more support. Please help support our ACA groups around the world by contributing 7<sup>th</sup> Tradition to the Scholarship Fund so we can continue to provide support.
