XII. ACA WSO LITERATURE
   A. ACA WSO Literature Policy
ACA WSO has an open literature policy. This means that ACA groups have the right to use nonconference approved literature, conditional upon their group conscience and that various other considerations are taken into account, e.g., that the ACA 12 Traditions are used as their guideline, etc.

WSO conference-approved literature should be easily understood and give individuals practical help in grasping and working the ACA program. ACA literature should support emotional sobriety, selflove, and gentle reparenting.

All ACA conference-approved literature carries the ACA logo and copyright. ACA literature may not be copied, reproduced, or redistributed, except as permitted in sub-section I below.

   B. Literature Development
Additional explanation of the WSO literature development process, including a submission address, is available on the WSO website.

Generally, ACA literature is any book, trifold, booklet, or other format (including ebooks and audio books) that communicates information relevant to ACA recovery and can be individually purchased or downloaded.

Any ACA member or group is invited to submit proposals at any time to create or revise ACA literature. Proposals also may come from the WSO Board and Literature Committee itself. Development, evaluation, design and publication of new literature can take years to complete. Evaluation also involves a wide range of ACA members and viewpoints. In proposing new ACA literature, an author should be motivated by service, and surrender any notion of personal ownership.

   C. Submitting Literature Proposals
Except for trifolds, which can be submitted in their entirety, initial proposals for new literature should be brief and should not include a full manuscript. For textbooks or workbooks, an outline and a maximum of 1-2 chapters is encouraged. A cover note, with contact information, should answer these questions:

1. How is the proposal different from existing ACA literature?
2. What fellowship recovery need does the proposal address? And is there any specific audience that the literature is intended to reach?

3. Is it best described as a tri-fold, a small booklet, a textbook/workbook, a workshop guide, or something else?

4. Who is the author or team of authors?

When an individual or group submits a piece of literature to WSO, they must sign a release form that gives WSO the right to make changes and/or include it in a larger publication. Where space permits, the originating group or individual will be given credit in an acknowledgement section.

D. Evaluating Literature Proposals

Proposals are placed in a queue, which is periodically updated, and evaluation priorities are determined based on perceived benefit to ACA's broad global fellowship. This includes budget considerations and whether the needs of non-English-speaking ACAs are being met.

1. Fellowship Submissions: The Literature Committee, aided by the Literature Evaluation subcommittee, will evaluate submissions and determine their viability for Board consideration. Evaluators may communicate directly with the authors to ask questions and propose suggested revisions and publication strategies. An item also may be placed in the Best Practices section of the ACA website so that the fellowship may have an opportunity to experiment with proposed literature and give feedback.

2. Internal Development: The Literature Committee may add a literature piece to the queue based on feedback from the fellowship. The Literature Committee will assign an author, and consult with the evaluation subcommittee during development.

E. Literature Evaluation and Approval

1. General

Regardless of whether a proposal is submitted directly to the Literature Committee, approved as an ABC motion or ballot measure, or developed internally by ACA WSO, all Literature projects must go through the same evaluation and approval process before they may be considered Conference approved literature. This process includes a documented, in-depth fellowship review (fellowship review mode) period, and revision process overseen by the Literature Committee.

a. Projects submitted to the Literature Committee will be assessed by the Literature Evaluation subcommittee, in accordance with criteria posted on the ACA WSO literature pages. Authors will be notified whether a project is considered suitable for publication. Under the Right of Petition, they may ask the Literature Committee for further consideration.

b. A favorable ABC vote on a new proposal, such as one submitted through a ballot measure, is an approval of the concept, not approval of the literature. Such a vote directs the Literature Committee to form a development team, to move the project to possible publication and eventual Conference approval. The development team would include the author(s) or backers of the ballot measure if they choose to participate.
c. If the Board of Trustees determines that a project referred by the ABC is not appropriate for publication, the Literature Committee will notify the project’s proposers and report this to the next ABC. ABC Delegates may accept the Board of Trustees’ decision or direct ACA WSO to continue development of the project.

d. Projects developed internally by ACA WSO will be assessed by the Literature Evaluation subcommittee for their suitability for publication. Revisions will be suggested or implemented as needed to advance the project.

e. Once a project is considered ready for fellowship review, it will be forwarded by the Literature Committee to the ACA WSO Board of Trustees with a recommendation that a publishing budget and release schedule be set.

2. Fellowship Review and Revisions

The most important evaluation of any new ACA literature being developed is performed by the fellowship at large. New literature projects will be made available to the fellowship for six months to three years of fellowship review. During fellowship review mode, ACA WSO may sell paper and digital copies of the publication, prominently identifying the project as a fellowship review mode version that is not yet Conference approved. The fellowship at large is encouraged to read and use the publication as it would any other ACA WSO literature. An accessible online feedback system, along with clear, prominent instructions will be provided to submit written feedback to ACA WSO.

The Literature Evaluation subcommittee will review all collected feedback, and at the end of the review period, it will assess whether the publication is of value to fellowship recovery. It also will make any needed revisions based on feedback.

Once the fellowship review mode is complete, the Literature Evaluation subcommittee will submit the completed manuscript, as well as a report on fellowship feedback and any significant edits made as a result, to the Board of Trustees. If the Board of Trustees decides not to forward the publication to the ABC for final Conference approval, it will notify the next ABC. ABC Delegates may accept the Board of Trustees’ decision or direct ACA WSO to continue development of the project.

3. Final Conference Approval

Each year, the Board of Trustees will determine by the January teleconference what literature it is forwarding to the ABC for final Conference approval. Electronic access to each publication will be added to the ABC web page, and to the ABC delegate binder, so that delegates may access the publication at no cost. WSO will give delegates no-cost access to each publication in advance of the ABC. The Literature Committee and Board of Trustees will submit a statement of the publication’s purpose to ABC delegates, along with a report documenting fellowship at large feedback and resulting revisions.

The Literature Committee will host an information session regarding projects that will be submitted to the Conference, and will invite registered ABC delegates to attend this meeting. Delegates are strongly encouraged to familiarize themselves with new literature projects before voting on whether to grant Conference approval.
Final Conference approval, based on extensive fellowship review, affirms that a piece of literature reflects the experience of the fellowship at large and is considered helpful to ACA members and groups in furthering recovery. Because of its unique status, Conference-approved projects will feature a specified labeling and logo use, to clearly distinguish them from other ACA WSO literature projects. Even after conference approval is granted, the fellowship may continue to send comments and request additional revisions. Further information is available in the “Logos Use for Literature Projects” section of the literature policy.

F. Digital Literature
Digital literature may be considered in addition to, or in place of, hard copy publication. This decision will be made as part of the overall publication, pricing and distribution plan.

Where a digital format is approved, Literature Committee special workers will make all needed preparations for selling e-publications online. The Literature Chair reports the sales and royalties to the Treasurer and accountant, as well as report the sales volume in the Literature Committee Monthly Report.

G. Policy for reproduction and/or distribution of WSO Books and Literature
This policy provides general guidance regarding this topic.

All ACA WSO books and literature have been copyrighted and the initial point of supply/sale must be through WSO. The resale of purchased books and literature is authorized without further restrictions.

NOTE: Sections of WSO-sanctioned translations in development may be reproduced for use within a meeting. Such copies must have a watermark that says property of ACA WSO and may not be sold to anyone or distributed outside of meetings.

1. ACA WSO Copyrighted Books: Any reproduction of these books in whole or in part is not authorized except as described below for use within ACA meetings.

   Registered ACA groups may only reproduce limited extracts of up to 5 pages for use within their meeting. ACA members and visitors should be encouraged to purchase their own copy of these books for their personal use.

2. Tri-folds: WSO tri-folds are available for free download from the adultchildren.org website. Reproduction is authorized for use in ACA groups as well as for general outreach purposes. Counseling and related facilities are also authorized to reproduce our tri-folds for free distribution to their patients and their extended practice.
3. **ACA Booklets:** Reproduction of these items in whole or in part is not authorized except as described below for use within ACA meetings.

Registered ACA meetings and Intergroups are authorized to make copies for use within their meeting on a limited basis. Such copies may not be distributed outside of a meeting.

**ACA Group Websites:** Except in the case of resale of books and materials, WSO requests that group websites direct users to www.adultchildren.org for purchase and/or download of ACA copyright materials. In no case should any website provide any WSO copyrighted material for download that is not otherwise available for free download.

**H. Translations of WSO Books and Literature**
The WSO encourages ACA members to translate our literature into their native languages as an outreach to their community and local ACA meetings. However, such translations must be in accordance with policies established by the WSO. Those involved in such translations must sign a translation agreement acknowledging that the copyright and ownership of the translations are to be the property of WSO. In no case will such translations attempt to blend the ACA message with any non-WSO approved books or materials. Procedures and guidance will be provided by the WSO to ensure such translations are accurately translated and retain the message of the source copyright materials.

Additional guidance on translation is available on the Literature Committee section of the website Repository, and from the Literature Committee staff.

Final Conference approval reflects a unique consensus of endorsement—including the fellowship at large, ABC Delegates, and the Board of Trustees. Therefore, a prominent, center-placement of the ACA WSO logo on publication covers, and on introductory pages, is reserved only for Conference-approved literature. At times ACA WSO will choose to place the logo elsewhere on the cover. The inside publication page will detail the Conference approval date. Where both have occurred, the literature will be labeled “Fellowship Reviewed and Conference Approved.” Literature that has not undergone fellowship review, or received Conference approval, should avoid any language, logo, or other
usages that in any way resemble the distinct labeling authorized for publications that have met these standards.
