Statement of Purpose: Safety Resources Committee addresses safety
issues and develops long-term strategies and potential resources to help
the ACA fellowship effectively address common safety issues in and
around all meeting environments.

We have finished working on the ''Service Norms Document!'' The
norms of conduct are intended to help promote trust and encourage respectful
communication and behavior consistent with the ACA Traditions and Concepts. The
central goal is not to eliminate differences, but to support us all in resolving conflicts
in a healthy manner using program tools. This needs to be reviewed by the CC and
the board and then will be available to the fellowship.

We also completed the ''Healthy Group Conscience Skit'' which models what a
healthy Group Conscience/Business meeting could look like. This will be a part of
the Service Norms Document and will also be posted elsewhere for the fellowship.

We are continuing to answer emails to our committee concerning safety issue
concerns.

Next meeting is Sept. 16th 2023 at 4pm Eastern
