Reminder: ACA Literature Price Adjustment – Effective March 1, 2025

Dear Fellow Travelers,

We hope this message finds you well. This is a reminder that adjustments to ACA literature prices will take effect on **March 1, 2025**. Digital book prices will remain unchanged, while printed books and other products will see modest increases to support ACA's operations.

New Prices (Effective March 1, 2025):

- **Big Red Book (BRB):** \$23.00 (increase of \$2.00)
- **All Other Printed Books:** Increase of \$3.00
- **Digital Books:** No change

This decision was made with careful consideration of ACA's long-term sustainability, financial responsibility, and the needs of our global Fellowship. At the 2022 ABC, the survey results

presented on book pricing showed that a large majority supported a price increase aligned with inflation-adjusted costs. We continue to monitor expenses closely while working toward long-term financial stability. For more details on the price adjustments and the reasons behind them, please see:

- [Letter Announcing Price Adjustment](#)
- [Presentation given at the Quarterly Delegates Meeting on February 1st.](#)

Please know that we remain committed to making ACA literature affordable and accessible worldwide. We will continue to offer our discount program for intergroups and regions, as well as first-time translations of ACA literature. The International Literature Fund will remain available to assist those groups in need.

New publications that will be available in the coming months include:

- Portuguese translation of *A New Hope*
- Japanese translation of *The Loving Parent Guidebook*
- Arabic translation of *The Laundry List Workbook*
- Slovakian translation of *Strengthening My Recovery*
- English language for a new book, *Connections*.
- English audiobook of *Strengthening My Recovery*

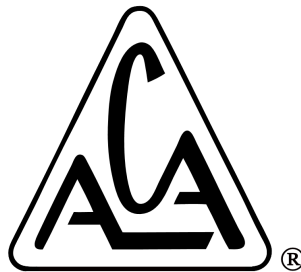

With gratitude,

Bill Dalton
