

ACA Needs YOU Now! Most of us don't think much about ACA World Services Organization (WSO) because we're focused on our personal recovery, our groups, and our fellow travelers. We take for granted what WSO does to make all this possible. Right now, we need YOUR help to make sure WSO can continue maintaining and growing the ACA program around the world. There are vacancies on the Board of Trustees and the Nominating Committee that need to be filled asap. If you have been in ACA recovery for at least a few years and can commit a chunk of your time to service at a higher level, consider applying as a Trustee. Time limitations? Consider applying to join the Nominating Committee. The eligibility criteria are the same for each. If selected, you will have a rare opportunity to work with other accomplished, recovered adult children in an environment based on the ACA Traditions and Concepts of Service.
