## The Volunteer Resource Committee (VRC)

The VRC provides guidance and support for the volunteers of WSO. We offer welcoming programs and materials. We promote emotional sobriety and healthy functioning of WSO committees. Ask about volunteering opportunities, by submitting this form: <https://acawso.org/service/>.

We invite all Meeting Representatives and Delegates as well as other WSO Trusted Servants, especially those who attend the monthly WSO Teleconference, to come to our VRC-hosted fellowship opportunity.

**'Meet and Greet'** provides a casual space to ask questions about volunteering, to find clarity in each others' experience, and to promote healthy functioning in WSO committees. Details are found on our webpage

**'Consider Service'** is a 90+ minute workshop that has three parts – testimonials of experienced volunteers, in-depth presentations from a few committees, and an overview of the current ACA WSO committee system.

We hope that participants relate to the volunteer journeys that are shared. We will welcome all participants and perhaps inspire them to be of service to WSO.

The anxiety is gone as you join a group of friends to experience the meeting proceedings of a WSO Committee. We will learn about their projects and processes and may even be inspired to join the committee. Sign up to take a **'WSO Field Trip'**.

We are here for **YOU**, and we welcome you to find recovery by joining us in service.

Our programming and other resources are found at <https://acawso.org/vrc/>  
 If you have questions you may reach out to us directly at [vrc@acawso.org](mailto:vrc@acawso.org).
