	Eventually began gardening for my own private clients. This work continued for about a year after the pandemic lockdown, after which my work changed.

In looking back over my service, in both my professional and recovery life, a common thread weaves together the welcome and the support I offer others, who's journeys align with my own, however brief, or long.

I feel uniquely qualified to provide the outreach and guidance to welcome new ACA members to the WSO workspace of Slack, whether as an ABC Delegate or as a volunteer to a committee. I hope to answer questions and offer my experience as members of the fellowship arrive at WSO.
